Journal of the House

ONE HUNDRED SECOND GENERAL ASSEMBLY
of the
STATE OF MISSOURI

FIRST REGULAR SESSION

FIRST DAY, WEDNESDAY, JANUARY 4, 2023

The House was called to order at twelve o'clock noon by the Honorable John R. Ashcroft, Secretary of State.

Prayer by Reverend Monsignor Robert A. Kurwicki, V.G., St. Michael Catholic Church, Russellville, Missouri.

"Behold," saith the Lord, "I have set before thee an open door." (Revelation 3:8)

Eternal God, our creator, as we enter the door of a new session and of a new legislative year, we pause in Your presence to offer You the devotion of our hearts and to pray for guidance, strength, and wisdom as we face the crucial moments, days and months that lie ahead.

In this high hour of a new beginning give to us, the representatives of our great citizens, a deep sense of responsibility, a broad spirit of understanding, an attitude of good will, and a real faith in You that we may govern well for the good of all and the freedom and justice may live long in our show-me state.

Bless our new Speaker and his family and staff, plus give him the insight of Solomon to guide the People's House on a path of unity and humility.

And the House says, "Amen!"

The Missouri State Highway Patrol Troop F Color Guard presented the Colors.

The Pledge of Allegiance to the flag was recited.

"The Star-Spangled Banner" was performed by Nicole Slusser.

ADDRESS BY SECRETARY OF STATE JOHN R. ASHCROFT

Good afternoon and welcome to the opening of the House of Representatives of the 102nd Regular Session of the Missouri General Assembly. Every two years, Missouri law grants the secretary of state the privilege of opening this venerable chamber and bridging the gap between the speaker from the previous session and the speaker whose leadership now commences. This is the third occasion on which I have been humbled to carry out this duty. I consider it one of the highest honors of my office.

Let me begin by thanking each of you for your service to the people of Missouri. It takes courage to put one's name on the ballot and months of hard work to get elected. And after that, there are weeks of travel, separation from your families, late nights and early mornings. It's clear you don't do it for the pay. Instead, every member of this chamber, regardless of political affiliation, is here with a genuine desire to improve the lives of Missourians. As citizen legislators from various backgrounds, you come together to do the valuable work of drafting our state's laws and shaping an environment of opportunity.

During the past two years, you have enacted landmark, beneficial legislation. From this historic dais, two years ago, I urged you to develop parent-empowering educational reform designed to enhance student achievement. You responded by creating the Missouri Empowerment Scholarship Accounts Program. As a result, these scholarships are enabling parents to direct educational opportunities for over a thousand Missouri students.

Two years ago, I asked for your help in reforming Missouri's election laws. You passed House Bill 1878, strengthening our election processes and instilling voter confidence by requiring government issued photo IDs, banning ballot drop boxes, designating paper ballots as the official ballots of Missouri, and much more. Thanks to your diligence, last November, the Show Me State showed America how safe, secure, and accessible elections are conducted. After almost 20 years we successfully implemented a real photo ID requirement in a general election, and it worked.

Other enactments signal your sensitivity to the needs of Missourians. The remote notarization bill you passed proved to be invaluable at the height of the COVID-19 Pandemic. It highlights your commitment to making it easier for Missourians to succeed. When Missourians were in need, your legislation sent the message that "help is on the way."

We gather today to open a new House, because the work of public service is an ongoing task. We gather as a state to address the unique character and opportunities of Missouri—its capabilities and its challenges. We know that federal government's "one size fits all solutions" are not the best answers. They are frequently both wasteful and costly failing to meet the needs of our communities and families. Missouri solutions you shape must be based on a proper understanding of the role of government. All Missourians must have equal opportunity to succeed in our culture. No Missourian should be deprived of the opportunity to reap the reward of hard work, creativity, productivity, innovation, and achievement. Missouri must embrace a culture of reward for merit which has made America the envied model for other cultures around the globe. With this in mind I encourage you to build on our successes.

One of our state's most important duties is to provide for the education of Missouri's children. In our most recent budget 7.4 billion dollars was spent on primary and secondary education, 21 percent of Missouri's budget. The most effective use of taxpayer dollars is to place parents in control of their children's educational choices. Parents know what is best for their children. Missouri's students are not factory widgets: they are unique individuals, endowed by their creator with gifts, abilities, and unlimited potentials if properly nurtured.

My wife Katie and I are raising four children here in Jefferson City. Our eldest attends a local public high school while our three younger children attend a private school at our family's personal expense. It is past time for all parents in this state to have the same opportunity to choose the educational environment best suited to fulfill the needs of their children. Let me encourage you to enact legislation that will capitalize on the caring knowledge and expertise of Missouri's loving parents by expanding their control over their children's education.

We must also address the sobering crime pandemic that plagues our state. Many people do not feel safe in their communities. As legislators, you have the opportunity to improve public safety. We need truth in sentencing legislation.

Members of juries and witnesses at trials should not have to fear encounters with those convicted of serious crimes but prematurely released from custody without having served meaningful sentences. Safe communities rely on citizen participation in the justice system. Public safety requires cooperation with local law enforcement, who cannot be expected to achieve it alone. No one should have to move to live in a safe neighborhood.

You can make Missourians safer by strengthening our criminal justice system. We must ensure that criminals are held properly accountable in every jurisdiction in the state. Justice should never be denied by the inability to appoint a special prosecutor when necessary. Policies that promote rehabilitation combined with truth in sentencing and

reforming our special prosecutor appointment statute will profoundly improve the safety of our citizens. I would like to especially thank Webster County Sheriff Roye Cole and Platte County Prosecutor Eric Zahn for their service and their hard work in these areas. They are in the chamber today and I would ask that they stand and be recognized.

Since the authority of our republic is derived from the informed consent of the citizens, everything we do should rest on the foundations of transparency and accountability. The appropriations process is a bulwark of clear transparency and focused accountability. This hard work requires definition of proposed expenditures and a defense of previous spending. Perhaps the informed consent of the governed is most important regarding issues of taxation. I wholeheartedly encourage you to propose to Missourians a constitutional amendment that would ban general tax increases without a vote of the people.

As elected public servants, it is our calling to maximize liberty and opportunity for all Missourians while striving to increase the effectiveness of our governmental operations. Thank you for your dedicated service to our great state. May God bless and guide you and your families and may God bless the great people of the great state of Missouri.

COMMUNICATION FROM THE SECRETARY OF STATE

ADDRESS BY TEMPORARY SPEAKER CHRIS DINKINS

Secretary Ashcroft, thank you. And to my colleagues, thank you for giving me the honor and the opportunity to stand at this dais and preside over this momentous occasion as we begin the 102nd General Assembly.

To the Gentleman from Ozark, thank you for friendship and your support. To my family, thank you for standing with me and for being willing to sacrifice as I have followed this path of public service.

As I stand here before you today, I do so with a great deal of pride…pride in being the first woman to represent my district…pride in being one of the only Lakota Sioux to serve in the Missouri legislature…and pride in having the trust of my constituents to serve as their voice here in the people's house.

Just by being here today, we've all been given the opportunity of a lifetime…an opportunity to do great things for our state…an opportunity to make a real difference in the lives of the people who have chosen us to serve.

I will never forget those who have given me this opportunity and I will work each and every day to honor the trust they have placed in me.

I know too that I would not be here today without the inspiration given to me by my grandfather. It was during World War II that he endured unspeakable horrors as a Prisoner of War at the Berga concentration camp. But even as he suffered in ways most of us cannot imagine, his commitment to service never wavered and his belief in the greatness of our nation never faded.

My grandfather's story and his love for our country and our state encouraged me to pursue a life of service.

And today, with each decision I make, I think about the dedication and the perseverance of Americans like my grandfather and I'm inspired to work even harder to serve our state and our nation.

I know all of you in this room today feel the same and I want to remind all of you, regardless of which side of the aisle you're on, that we are here to serve the constituents in our district and the people of this state and we must never forget that.

Yes, there will be days when we argue, fight, and debate but may we never forget we are here to be the voice of those we represent and may we all pledge to find that common ground where we can do what is best and what is right for Missouri.

Thank you all so much. I am honored to serve with each and every one of you and wish us all great success for this session.

May God bless our state, our country and all of you here today.

NOMINATIONS FOR SPEAKER

Representative Kelly (141) nominated Representative Dean Plocher as Speaker of the House.

Representative Roberts seconded the nomination.

Representative Brown (27) nominated Representative Crystal Quade as Speaker of the House.

Representative Aune seconded the nomination.

Representative Quade withdrew her nomination.

Representative Patterson moved that nominations cease and Representative Plocher be elected by acclamation.

Which motion was adopted.

The following committee was appointed to escort Representative Plocher to the dais: Representatives Francis, Buchheit-Courtway, Houx, Knight, Gregory, Brown (16), Sharp (37), Proudie, Butz and Brown (87).

Representative Plocher subscribed to the oath of office, which was administered by the Honorable Mary R. Russell, Judge of the Supreme Court of Missouri.

Speaker Plocher assumed the Chair.

ADDRESS BY SPEAKER DEAN PLOCHER

Congratulations to each and every one of you!

It is through hard work, determination, and a passion for serving others that you have earned the title of State Representative. I want to thank all of you so much for your support, and for the confidence you have placed in me to serve as your Speaker. It is an honor and privilege to serve with you, and to serve the State of Missouri during this 102nd General Assembly. It has been an honor to serve alongside those who have left the House, some of whom are with us today.

Each of us arrived here to serve our great state from a similar path. Through effort, listening to Missourians, belief in democracy, sacrifice, and help.

We are blessed to have our families and friends who have supported us in this journey and our commitment to public service. I hope the time spent in this Chamber will be some of the most rewarding moments of our lives. Our families and friends, and *their* efforts, and *their* sacrifices, make this possible for us.

There are no amount of words I can use to fully describe my appreciation for my wife, Rebecca. It is only because of her countless efforts and unwavering commitment that I am able to serve in the people's house.

She has believed in me every step of the way. She is my biggest supporter but also the one who keeps me humble and focused. She has tirelessly participated/contributed/worked in so many ways, so I can stand here and have the honor of holding this office. She is the one deserving of so much more. I am blessed beyond measure to have her in my life. She is my partner and best friend.

Rebecca, I love you dearly, and I know that we accomplished this together because of all you have done for me and our family! I am eternally grateful.

Would you please join me in a round of applause for all of our significant others and loved ones who have made our service here possible.

Those that know me, know Rebecca, and you know we are fortunate to have two great children, Owen and Stella. Rebecca and I began this journey believing that being a State Representative was not a career choice, but a call to serve a greater cause. We did so because we had children and believe strongly in giving them the same opportunities we have had.

Having children and witnessing current events gave us a sense of urgency, so all of our children can pursue and achieve the American Dream.

American democracy is not free. We each have to work and sacrifice to ensure and protect our representative government and these sacred values of life, liberty, and the pursuit of happiness.

Owen and Stella were young when I first entered public service. I am grateful for their support for this work. They have helped in so many ways. I am so very proud of them for all they are doing and how they are growing up.

I love you, Owen and Stella!

You remind me every day why we are here–to leave the next generation of Missourians with more opportunities, to create a tomorrow that is better than today, and to give all of those that follow us the freedom and opportunity to achieve their own American Dream.

I am fortunate, too, to have parents who placed great emphasis on education, the value of personal responsibility, and hard work. My mother is with us today. Thank you for everything, mom.

I'm eternally grateful for my parents' sacrifices. They believed in a better future for their children and passed that legacy onto me.

My father, while not with us, has left an indelible memory residing in me and I will do my best to carry on his legacy.

Let me also welcome my other family members with us today: my sister-in-law, Stacy; her husband, Kevin; and their children, Nora & Jillian.

Not with us today are my father & mother-in-law, Vince & Linda, who likewise believed in public service and passed their values on to my wife and believed in me from the beginning.

My aunt and cousins who traveled from San Diego, and my other family members, I am grateful we are able to be together today.

To my friends and supporters who have stood by me on this journey, thank you for everything you've done to make this day possible.

And let me share one final but incredibly important thank you. To the person who has worked tirelessly to help not only me, but all of you - Diana Hennerich. No one in this building is more dedicated or more capable than Diana. Diana, thank you!

All of us serving in this amazing building know that we do not serve alone. We are surrounded by those dedicated to serving Missouri.

From our staff to our research analysts and the bill drafters, who make our ideas for legislation a reality, to the ones who maintain the beauty of these halls and this Chamber day after day, and to our staff who work behind the scenes to make all of this possible: they are the ones who provide the resources and support we need to succeed, and they work with us to make Missouri an even better place to call home.

Please join me in thanking each of them.

Being here is a call to serve. And when you are here, you don't just go home and forget about the day. Rather, our efforts when working to pass a bill require patience and persistence, all of which seemingly reverberate for months from January to May, and often for years, as failure is common and success is rare.

Democracy requires diligence. Thoughtful, well-vetted legislation takes time. It's a process in which we all have a part to play.

Today, we reaffirm our belief in this process, in our belief in democracy, and responsible, effective, smaller government that protects our individual freedoms.

We are all participants in this great experiment, where we have the freedom to discuss our differences in opinion. We are blessed to live in a country with a Bill of Rights that guarantees those freedoms.

Even in dissent, we try to find common ground, to work for democracy, and work for our Missouri values to preserve the American Dream for future generations.

As Speaker, this is my charge to keep. I am mindful of the responsibilities that come with democracy and freedom.

The American Dream is achieved through hard work, commitment to freedom, education, as well as individual and fiscal responsibility. I will work toward an agenda that promotes each of these values because they empower Missourians.

Over the last several years, the Missouri Legislature has:

- Cut taxes – The largest in Missouri's history.
- Strengthened Missouri's agricultural industry, and protected our farmers and our individual property rights.
- Ensured every patient has the right to have an advocate by their side in a hospital.
- Preserved the integrity of our elections and every Missourian's vote.
- Prioritized a fiscally responsible state budget that invested in education at record levels.
- And we have witnessed Missouri's lowest unemployment rate in our history, well below the national average.

This has benefited every Missourian!

But even as Missouri has thrived and succeeded in so many areas, we have also experienced unprecedented challenges such as COVID and a greater, almost suffocating influence from our federal government threatening the very concept of federalism.

We've seen the devastating effects of violent crime and dangerous streets in our communities. Missourians should not have to contend with violent crime. Families and children should not have to live in fear. Small businesses should not have to worry about damage to property or threats to employees.

Not only are there innocent victims, but such crime further destabilizes our families and communities, affecting all of us.

I care deeply about every Missourian who has been a victim of a crime. I understand why they have lost trust in dysfunctional local governments where some officials refuse to prosecute violent offenders. I sympathize with these families who have seen their streets become less and less safe as crime has enveloped their communities.

We cannot be bystanders as unchecked crime causes the systematic destruction of our proud state. It must be a priority of this body to provide the resources and enact common sense reforms to protect every Missouri community. There is no excuse for inaction.

I know this task won't be easy. Bold actions in this building are an open invitation to critics resistant to change. But Missourians are ready for real action.

Missourians deserve the opportunities that come with safe, growing communities. And they are ready for us to lead.

We also know the key to opportunity starts with access to education. Missourians should have opportunities to choose where they send their children for a high-quality education, and parents should have a stronger voice as it relates to the substance of what is taught to their kids each day.

For too long our teachers have been compensated by an out-of-date pay scale. It's a flawed system that rewards time served instead of output and innovation.

Teaching is difficult and our State needs to reward teachers for success so our children have access both to great teachers and choices for education.

Making key, strategic investments is necessary to prepare the next generation for the jobs of tomorrow. I am confident we can do this and hold the line on our fiscally responsible budget.

Today, Missouri is sitting on the largest budget surplus in our state's history – 5 to 6 billion dollars.

As a fiscal conservative, I believe government should provide responsible infrastructure spending. I also know that our citizens are the best stewards of their money, and I believe we can build on the tax cuts from last year's Special Session.

There is more room to return money to Missouri taxpayers! This is money that hardworking Missourians have earned. It is in fact their money.

Reducing our tax burden will make Missouri even more competitive to recruit a talented workforce, to build prosperous communities, grow small businesses, and create more opportunities for all.

We must also capitalize on our strengths. In the real estate market location is everything. Missouri must do a better job of building on our geographical advantages!

Missouri is within 500 miles of almost half of our country's population and 44% of our country's manufacturing. We're also the home of North America's second largest, and most efficient inland port system.

Missouri's location places us in an essential position to move material, goods, and people across our country. We must do a better job and embrace this competitive advantage.

Missouri is also a leader in innovation.

We are the home of cutting-edge advancement in agriculture, bioscience, geospatial technology, national defense, and logistics.

There are few places that can rival Missouri when it comes to bioscience. St. Louis alone has over 1,000 plant science PhD's and more than 700 bioscience companies.

St. Louis is also home to our new National Geospatial Intelligence Agency Headquarters West.

It's also where some of the world's most advanced fighter jets are built that provide security to our nation and to our allies around the world.

The cutting-edge development taking place today adds to Missouri's rich history in aviation and makes our state one of the top aerospace manufacturing providers in the country.

Stretching from Kansas City to Columbia, the Animal Health Corridor has over 300 animal health companies, representing the largest such concentration in the world.

Columbia, the home of MU, operates the country's most powerful university research nuclear reactor. This reactor produces cutting-edge cancer therapies, and life-saving medicines that are only produced there, offering Missourians better access to innovative medical care.

Springfield is one of our State's leading manufacturing hubs with an impressive 33% job growth rate and home to leading transportation carriers.

And when you look outside our metropolitan areas, you see this same level of success and innovation all across rural Missouri.

Missouri, which is second in the nation with its nearly 100,000 farms, is blessed with a rich history and proud tradition of national prominence in the field of agriculture.

That tradition is carried on today by farmers whose hard work proudly places our state in the top 10 nationally in 12 significant commodities, including everything from soybeans, corn, cotton, and rice to beef cows, turkeys, hogs, and chickens.

These are just but a few examples of what makes Missouri uniquely positioned to be a world competitor and leader.

Our state is great in so many ways, but we know we have more work to do!

Here in this magnificent Chamber and this beautiful building, we will take on these challenges. We are the stewards of time passing through this Chamber and we must use this time wisely to influence the trajectory of our state.

This incredible structure, decorated with majestic marble columns and beautiful murals, is the product of the work of Missourians more than 100 years ago, Missourians who had vision: 100 years later their vision holds true and this building still serves the needs of the people.

But we also know that, just as those who went before us provided vision in this grand building, we too must provide vision for our state. Our State needs to continue to craft a vision of what it can and should be so it can meet the needs of future generations and our way of life.

Carved into the entrance of the lower rotunda, there is an inscription taken from the Book of Proverbs. It reads, "Where there is no vision the people perish."

It's a powerful reminder that our job as public servants is not simply to find solutions to the problems as they arise, but also to craft and share our vision that will guide our state into the next 100 years, and ensure our future is one filled with success and prosperity.

As we move forward into this 2023 legislative session, I know there are tough issues we must tackle, but there are also areas we can address to ensure our state has a brighter tomorrow.

Missouri is well positioned. Look around us, to all of us having the honor and privilege to serve. We have a broad array of Missouri citizens in the people's house from every corner of Missouri and with a variety of backgrounds and experiences. We have all we need to get things accomplished for Missourians.

Let the words inscribed by those that went before us inspire us. Let our Missouri values guide us. And let our ability to work together help us craft Missouri's vision for the next 100 years.

Together we can continue to improve our great State, educate our children, grow our economy, keep our streets safe, preserve the American Dream, and build a more prosperous Missouri with opportunities for all Missourians and the generations to come. For United We Stand, Divided We Fall!

Thank you! God Bless you, the United States of America and the Great State of Missouri!

Which motion was adopted.

The following committee was appointed to escort Representative Henderson to the dais: Representatives McGirl, Dinkins, Wright, Voss, McGaugh, Windham and Bangert.

Representative Henderson subscribed to the oath of office, which was administered by the Honorable Patrick King, Judge of the 24th Circuit Court of Missouri.

Speaker Pro Tem Henderson assumed the Chair.

ADDRESS BY SPEAKER PRO TEM MIKE HENDERSON

I am deeply humbled and honored to stand here today. I want to thank my colleagues for your trust and support. Thank you for believing in me. I promise that I will do everything I can to make your experience here a positive one.

To my beautiful wife of 39 years, Cheri, I cannot put into words what your love and encouragement has meant to me. Thank you for believing in me and standing by me.

To my family and friends who have made the trip to Jefferson City to join us; my daughter, Amanda; my son, Sean; and my grandson, Charlie, the state's biggest Chiefs fan, thank you. It means the world to have you here today.

Being a public servant keeps all of us away from our families for weeks at a time. Yet those families always support us from afar. I want to thank all the families here today who give up time with their loved ones to allow them to serve.

As we begin the 102nd General Assembly together I know we do so with a sense of excitement and feelings of hope. Hope that we will be effective advocates for the people of our districts. Hope that we can put our state on the path to grow and prosper for years to come. What we do here is not about us, it is about the people we represent. These next two years I will be here to work with and help you every step of the way. I am here to serve the body of the House.

My years of experience as a coach, teacher and administrator taught me a few things about leadership. Leadership is about listening, learning, and putting the needs of others before yours.

We will never find common ground to tackle tough issues unless we are willing to listen and learn from each other. We will never do what is truly best for our state until we commit to working for and with each other, rather than just advancing our own self-interest.

One of the greatest Missourians, Harry S Truman, put it best when he said, "It's amazing what we can accomplish when we do not care who gets the credit." Those are words for all public servants to live by.

My promise to you is, I will always be willing to listen and learn. That holds true for members from both sides of the aisle. The skill of listening is probably most important when we find ourselves on opposite sides of an issue. Together we will find a way to move the great state of Missouri forward!

Thank you for your support and for giving me this incredible opportunity! God bless you and the great state of Missouri!

Speaker Plocher resumed the Chair.

Pursuant to Section 9.141, RSMo, the United States Bill of Rights was read by Owen Plocher and Stella Plocher.

Rule 39. (1) **(a)** *When.* Bills may be introduced only on the report of a committee or by any member of the House, in the administrative or regular order of business. No member shall file a bill, other than an appropriation bill, after March 1, without leave of the House. No committee shall introduce upon report any House Committee Bill after April 1.

(2) *Manner of Printing.* Any bill shall have the matter which is being repealed from current law enclosed in bold-faced brackets and the matter which is being added to the law underscored when typewritten and in bold-faced type when printed. In addition, the Chief Clerk may adjust the formatting of printed bills in the House in order to increase readability. A footnote shall be annexed to the first page of each bill which contains material enclosed in bold-faced brackets to the following effect:

(2) No bill shall be placed on a Federal Mandate Calendar unless it is federally mandated, immediate in nature, and reduces revenues or savings if not enacted. A federal mandate bill may only contain subject matter concerning the federal mandate. A member wishing for his or her bill to be considered for placement on the Federal Mandate Calendar shall request in writing to the chair of the committee where such bill has been referred. The written request shall state the deadline by which the state must comply with the federal mandate and what will happen if the state fails to take action by such date. A copy for each committee member of the federal statute or regulation mandating such action shall accompany the request. After the committee has voted "Do Pass" on a bill with such a request, it shall take a second recorded vote on whether to recommend that it be placed on the Federal Mandate Calendar. If said bill is reported "Do Pass" by a regular standing committee with a recommendation that same be placed on the Federal Mandate Calendar, the chair of the committee shall submit to the Speaker a copy of the original written request, along with a copy of the federal statute or regulation mandating State action. If the Speaker concurs with the committee that the bill complies with the requirements of this rule, he or she shall advise the Chief Clerk to place same on the Federal Mandate Calendar. If the Speaker does not concur, he or she may place the bill on the Perfection Calendar. Each bill placed upon the Federal Mandate Calendars shall have attached thereto a copy of the federal statute or regulation that mandates the bill, along with a copy of the request to place the bill on the Federal Mandate Calendar and shall be distributed to all members at least twenty-four hours prior to consideration by the entire House.

Motion To Place On Calendar

Rule 43. If any bill is reported from committee with the recommendation that it "Do Not Pass" it shall not go on the calendar of the House unless ordered by a constitutional majority. At the same time the bill is reported to the House, the committee chair shall notify the sponsor or handler of the bill that such report is being made. A motion to have a bill placed upon the calendar shall be made within three legislative days after the bill is reported and when the sponsor of the bill is present or the motion is made by a member upon the sponsor's written request. If no such action is taken within such time, the bill shall lie on the table. If such a motion is sustained, the bill shall **[**~~stand automatically~~**]** **be** referred to a Committee on Rules for further action thereon.

Timing of Placement on Calendar

Rule 44. No House bill shall be taken up for initial consideration by the House unless it has been upon the calendar for at least one legislative day.

Bills Laid Over Informally

Rule 45. When a bill is reached, in its order, to be perfected and printed, or to be third read and finally passed, it may, upon the request of the Majority Floor Leader or the sponsor or handler thereof if a House Bill, or upon the request of its handler in the House if a Senate Bill, hold its place on the calendar or be laid over informally and thereafter be called up at any time when otherwise in order.

To Appear In Order

Rule 46. All bills laid over informally and not taken up and disposed of the same day shall appear in order upon the calendar for the next legislative day following.

Ten Day Rule

Consent Calendar

Rule 48. (1) *Which Bills May Be Placed on the Consent Calendar.* Each regular standing committee, after a favorable vote on a bill, may further determine by a second and affirmative vote of every member present whether such bill is of a noncontroversial nature and qualifies for consent status. Bills that specifically authorize an easement or right-of-way involving state property shall qualify for consent status. A bill shall not be considered for consent status if it:

(a) Is of a controversial nature;
(b) Makes a substantial policy change;
(c) Increases net expenditures of the state;
(d) Reduces net revenue of the state; or
(e) Creates or expands a penalty provision.

If it has been determined by the regular standing committee that such bill is of a noncontroversial nature and meets all consent requirements, the regular standing committee shall report the bill to the Committee on Consent and House Procedure as "Do Pass - Consent". The Committee on Consent and House Procedure may decide by a majority affirmative vote of those present whether to place the bill on the appropriate consent calendar.

(2) *Procedure on House Bills.* If the regular standing committee shall so determine, the appropriate committee report shall include a request that a bill be placed on the House Consent Calendar for Perfection. Any bill so reported shall automatically be referred to the Committee on Consent and House Procedure. Any bill reported by the Committee on Consent and House Procedure with the recommendation that it be placed on the House Consent Calendar for Perfection may be placed on that calendar if the Speaker concurs with the recommendation. If the Speaker does not concur, he or she may place the bill on the Perfection Calendar. After such bill has remained on the House Consent Calendar for Perfection for five legislative days, it shall be ordered perfected and advanced to the House Consent Calendar for Third Reading and Final Passage without further action of the House, unless five members, with at least two from each political party, have filed written objection with the Chief Clerk. If such objections are filed, the bill shall be placed on the House Bills to be Perfected and Printed Calendar. An objection made by five members under this rule cannot be rescinded.

(3) *Senate Bills - Consent.* When the Senate passes a bill by its procedure for consent bills, such bill shall be considered for treatment as a consent bill by the House committee without further request; provided however, that the same committee procedures, votes, and requirements for House Bills being considered for consent shall be applied to Senate Bills being considered for consent. A Senate Bill may be considered by the committee for consent even if it was not a consent bill in the Senate.

(4) *Procedure on Senate Bills.* Senate Bills passed out of the appropriate House regular standing committee and the Committee on Consent and House Procedure with the request that the bill be placed on the Senate Bills for Third Reading and Final Passage - Consent Calendar are subject to the five member objection provision of this rule.

(5) *Deadline for Placing Senate Consent Bills on the Calendar.* No Senate consent bills shall be placed on the consent calendar after April 15.

(6) *Amendments.* House bills may be considered for consent after they are amended in committee but may not be amended on the floor of the House.

Senate consent bills may be amended in committee but not on the floor of the House unless the Senate Rules allow amendment of House consent bills on the floor of the Senate, in which case Senate consent bills may be amended on the floor of the House. House committee amendments to Senate consent bills shall be deemed adopted on the fifth legislative day.

AMENDMENTS AND SUBSTITUTES

Rule 49. (1) *In Writing and Distributed in Advance.*

(a) Proposed amendments shall be reduced to writing.

(b) Every amendment shall be distributed in advance of the time the bill is initially taken up for consideration. An amendment shall be considered to have been distributed if it has been either transmitted

electronically and made available on each member's chamber laptop computer and a copy in paper form placed on the desk of the Majority Floor Leader and Minority Floor Leader or placed on the members' desks in paper form, except for the desk of any member who has waived receipt of amendments. An amendment to a House Substitute shall be considered timely if it is distributed prior to the motion being made to adopt the House Substitute.

(c) The sponsor of an amendment that has been distributed may make technical corrections at the time the amendment is offered or under consideration. Any technical corrections shall be read in full by the clerk. Technical corrections shall be subject to a point of order that they are not truly technical in nature.

(d) The sponsor of an amendment shall not otherwise amend **or substitute** his or her own amendment.

(e) Every proposed amendment to the amendment and substitute amendment may be offered after the time a bill is initially taken up for consideration but shall be distributed prior to the offeror being recognized for a motion on such amendment.

(f) Amendments shall be prepared by House Research or House Appropriations and filed with the Chief Clerk.

(2) *What Amendments and Substitute Amendments are in Order.* When a bill, motion, or proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order, and it also shall be in order to offer a further amendment by way of substitute for the original motion to amend, to which one amendment may be offered. **No more than three amendments to the amendment, per amendment, shall be in order.**

(a) It shall not be in order to offer a substitute amendment to an amendment to an amendment.

(b) When an amendment is offered, a substitute for that amendment is offered, and an amendment to the substitute is offered, it shall not be in order to offer a substitute for the amendment to the substitute.

(c) Any proposed amendment in the third degree shall be out of order.

(d) Any motion to adopt an amendment may be withdrawn by the sponsor before decision thereon.

(e) Once a bill has been amended, it shall be in the possession of the House.

(f) If a proposed amendment has been defeated, the same amendment shall not be proposed again. An amendment identical to one previously decided on the same bill is not in order, except for amendments to appropriations bills.

(3) *Committee Substitutes Treated as Original.* A House Committee Substitute shall be considered as an original bill for purposes of amendment.

(4) *House Substitute.* No House Substitute will be in order except those reported from the House Committee on Legislative Review. No House amendment which, in the opinion of the Speaker, is effectually replacing the underlying bill or committee substitute will be in order.

(a) A bill may be sent to the Committee on Legislative Review prior to the adoption of any House Committee Substitute; prior to the bill's perfection, if a House bill; or prior to third reading, if a Senate bill.

(b) A House Substitute shall take the form of an original bill and is subject to floor amendments, except that it shall not be subject to an amendment by a subsequent House Substitute.

(c) Any House Substitute reported from the Committee on Legislative Review shall lie on the calendar at least one legislative day in advance of consideration on the House floor.

(d) A House Substitute reported from the Committee on Legislative Review shall not be offered on the House floor in the form of an amendment.

(5) *When Federal Mandate Bills can be Amended.* Amendments to House and Senate bills-Federal Mandate are permitted only within the scope of the federal mandate. Perfecting amendments are permitted to make technical amendments.

(6) *Appropriations Bills.*

(a) No amendment to the appropriations bills of the state budget shall be in order if it increases the total amount of general revenue or general revenue equivalent appropriated in the House appropriations bills. Any amendment that increases the amount of general revenue or general revenue equivalent appropriated in the House appropriations bills shall be required to be submitted with a separate amendment that makes an equal reduction in general revenue or general revenue equivalent in the same bill or any other of the bills still pending. If the reduction is in another bill, the decreasing amendment shall be taken up first, and the increasing amendment may be taken up only if the decreasing amendment is adopted. When a pair of amendments is submitted, the decreasing amendment shall be required to clearly identify the corresponding increasing amendment.

(b) If a member's decreasing amendment is adopted and the same member's increasing amendment is defeated, the decreasing amendment's adoption is **[~~void~~] moot**.

(c) The offering and adoption of an amendment decreasing the amount of general revenue or general revenue equivalent appropriated without a balancing increase creates no right of another member to offer an increasing amendment in any amount up to the amount of the decrease effected by the decreasing amendment, and no member may be recognized for the purpose of making such an amendment.

(d) For the perfection of the House appropriations bills of the state budget only, it shall be permissible to amend any line item as often as the House pleases, as long as prior adopted amendments to the line item are taken into account.

(e) Notwithstanding any rule to the contrary, neither substitute amendments nor amendments to amendments shall be in order for any appropriations bill other than technical corrections under Rule 49(1).

Committee Substitute Printed

Rule 50. When a committee recommends a substitute for a bill, the original bill will accompany the substitute. The substitute shall be handled on the floor of the House by the committee chair or any member designated by the committee chair. The Chief Clerk shall have an appropriate number of copies of the substitute printed. No committee substitute shall be called from the calendar of the House until the printed copies have been distributed for at least one legislative day. Amendments, if any, may be offered to the substitute before the vote on the motion to adopt the substitute is taken. If the substitute is defeated, the original bill shall be before the House for perfection and shall be considered and shall be handled on the floor by the original sponsor of the bill. Notwithstanding the provisions of this rule, the Speaker may, at any time, change the House handler of any bill or substitute **unless the sponsor of the bill objects**.

Order of Amendments

Rule 51. When amendments to any bill, motion, or proposition are pending, they shall be voted on in the following order:

(1) Amendments to the amendment are disposed of before the substitute is taken up. Only one amendment to the amendment is in order at one time; but as rapidly as one is disposed of by rejection or incorporation as a part of the amendment, another is in order as long as any member desires to offer one.

(2) Amendments to the substitute are next voted on, and may be offered, one at a time, and as rapidly as one is disposed of by rejection or incorporation as a part of the substitute amendment, another is in order as long as any member desires to offer one, until the substitute amendment is adopted.

(3) The substitute amendment, as amended, is next voted on. If the substitute amendment is adopted, the underlying amendment to which it was offered shall not be voted upon, but the substitute amendment shall become part of the bill.

(4) The amendment is voted on last. If any substitute has not been agreed to, the vote comes on the amendment as amended.

(5) The House Committee Substitute is next voted upon, after opportunity for amendment. If the House Committee Substitute is adopted, there shall be an additional vote for the perfection of the bill, as amended.

(6) If there is no House Committee Substitute, or if the House Committee Substitute is not adopted, the original House Bill is next voted upon, after opportunity for amendment.

Amendments Incorporated In Bill

Rule 52. All amendments adopted by the House to a bill originating in the House shall be incorporated in the bill as perfected, and the bill, as thus perfected, shall be printed for the use of the members before its final passage, provided that the bill shall be subject to a titling amendment before the vote on perfection is taken. For purposes of this rule, a titling amendment shall not count against the Rule 87 prohibition on speaking twice on the same question. The perfecting and printing shall be done under the supervision of the Chief Clerk who shall assure that the bill is truly perfected and the printed copies furnished to the members are correct.

The Speaker may rule on the point of order or may place the question of whether the conferees have exceeded the differences before the House for a vote. A majority of members voting prevails on the question.

MESSAGES FROM THE GOVERNOR

The following proclamation was received from His Excellency, Governor Michael L. Parson.

GOVERNOR'S PROCLAMATION

WHEREAS, Article IV, Section 27, authorizes the Governor to control the rate at which any appropriation is expended by allotment and, further, authorizes the Governor to reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based; and

WHEREAS, in addition to the power to control the rate of expenditure established in Article IV, Section 27, three percent of each appropriation, with the exception of amounts for personal service to pay salaries fixed by law, shall be set aside pursuant to section 33.290, RSMo, as a reserve fund and not subject to expenditure except with the approval of the Governor; and

WHEREAS, Article IV, Section 27.2, provides that the Governor notify the General Assembly "whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, due to a variety of factors, including the three percent reserve that is legally required by section 33.290, RSMo, the rate at which most appropriations are expended is not in "equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, Article IV, Section 27.3, provides that the Governor notify the General Assembly "when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based."

NOW THEREFORE, I, Michael L. Parson, GOVERNOR OF THE STATE OF MISSOURI, pursuant to Article IV, Section 27, do hereby make the following notification to the One Hundred First General Assembly of the State of Missouri:

I hereby notify the General Assembly, pursuant to Article IV, Section 27.2 of the Missouri Constitution, that through the first quarter of fiscal year 2023, the rate of expenditure for each of the appropriation lines in the fiscal year 2023 budget attached as Exhibit A is not in equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation.

I further notify the General Assembly, pursuant to Article IV, Section 27.3 of the Missouri Constitution, that I have taken no action to permanently reduce one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based in the fiscal year 2023 budget.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

THIRD DAY, MONDAY, JANUARY 9, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Brad Hudson.

Gracious Heavenly Father,

Thank You for blessing us with the opportunity to serve in this beautiful building with these great people. We humbly come before You to ask for wisdom, courage, and strength in order that we may serve well. Please help us to conduct ourselves in a manner worthy of the office You've called us to and the Gospel You've blessed us with. Someday we'll leave these offices and this beautiful building to others. Remind us of that so we are motivated to make the most of every moment we have here.

Someday we we will stand before You and be held accountable for the deeds we have done, whether they be good or bad. Remind us of that in those moments when we may be tempted to compromise what is good, right, and true. While some may seek to grow their own kingdom while accumulating power and glory for themselves, may we never forget the words of Jesus, "Lead us not into temptation, but deliver us from evil: For thine is the kingdom, and the power, and the glory, for ever."

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

Representative Patterson requested unanimous consent to dispense with the Administrative Order of Business, which request was granted.

OATH OF OFFICE

Representative-elect Barbara Phifer advanced to the bar and subscribed to the oath of office, which was administered by the Honorable Dean Plocher, Speaker of the House of Representatives.

A member wishing for his or her bill to be considered for placement on the Federal Mandate Calendar shall request in writing to the chair of the committee where such bill has been referred. The written request shall state the deadline by which the state must comply with the federal mandate and what will happen if the state fails to take action by such date. At the same time the bill is reported to the House, the committee chair shall notify the sponsor or handler of the bill that such report is being made. A motion to have a bill placed upon the calendar shall be made within three legislative days after the bill is reported and when the

sponsor of the bill is present or the motion is made by a member upon the sponsor's written request. If no such action is taken within such time, the bill shall lie on the table. If such a motion is sustained, the bill shall **[**~~stand automatically~~**] be** referred to a Committee on Rules for further action thereon.

Timing of Placement on Calendar

Rule 44. No House bill shall be taken up for initial consideration by the House unless it has been upon the calendar for at least one legislative day.

Rule 45. When a bill is reached, in its order, to be perfected and printed, or to be third read and finally passed, it may, upon the request of the Majority Floor Leader or the sponsor or handler thereof if a House Bill, or upon the request of its handler in the House if a Senate Bill, hold its place on the calendar or be laid over informally and thereafter be called up at any time when otherwise in order.

Bills that specifically authorize an easement or right-of-way involving state property shall qualify for consent status. A bill shall not be considered for consent status if it:

(a) Is of a controversial nature;
(b) Makes a substantial policy change;
(c) Increases net expenditures of the state;
(d) Reduces net revenue of the state; or
(e) Creates or expands a penalty provision.

If it has been determined by the regular standing committee that such bill is of a noncontroversial nature and meets all consent requirements, the regular standing committee shall report the bill to the Committee on Consent and House Procedure as "Do Pass - Consent". The Committee on Consent and House Procedure may decide by a majority affirmative vote of those present whether to place the bill on the appropriate consent calendar.

(2) *Procedure on House Bills.* If the regular standing committee shall so determine, the appropriate committee report shall include a request that a bill be placed on the House Consent Calendar for Perfection. Any bill so reported shall automatically be referred to the Committee on Consent and House Procedure. Any bill reported by the Committee on Consent and House Procedure with the recommendation that it be placed on the House Consent Calendar for Perfection may be placed on that calendar if the Speaker concurs with the recommendation. If the Speaker does not concur, he or she may place the bill on the Perfection Calendar. After such bill has remained on the House Consent Calendar for Perfection for five legislative days, it shall be ordered perfected and advanced to the House Consent Calendar for Third Reading and Final Passage without further action of the House, unless five members, with at least two from each political party, have filed written objection with the Chief Clerk. If such objections are filed, the bill shall be placed on the House Bills to be Perfected and Printed Calendar. An objection made by five members under this rule cannot be rescinded.

(3) *Senate Bills - Consent.* When the Senate passes a bill by its procedure for consent bills, such bill shall be considered for treatment as a consent bill by the House committee without further request; provided however, that the same committee procedures, votes, and requirements for House Bills being considered for consent shall be

applied to Senate Bills being considered for consent. A Senate Bill may be considered by the committee for consent even if it was not a consent bill in the Senate.

(4) *Procedure on Senate Bills.* Senate Bills passed out of the appropriate House regular standing committee and the Committee on Consent and House Procedure with the request that the bill be placed on the Senate Bills for Third Reading and Final Passage - Consent Calendar are subject to the five member objection provision of this rule.

(5) *Deadline for Placing Senate Consent Bills on the Calendar.* No Senate consent bills shall be placed on the consent calendar after April 15.

(6) *Amendments.* House bills may be considered for consent after they are amended in committee but may not be amended on the floor of the House.

Senate consent bills may be amended in committee but not on the floor of the House unless the Senate Rules allow amendment of House consent bills on the floor of the Senate, in which case Senate consent bills may be amended on the floor of the House. House committee amendments to Senate consent bills shall be deemed adopted on the fifth legislative day.

AMENDMENTS AND SUBSTITUTES

Rule 49. (1) *In Writing and Distributed in Advance.*

(a) Proposed amendments shall be reduced to writing.

(b) Every amendment shall be distributed in advance of the time the bill is initially taken up for consideration. An amendment shall be considered to have been distributed if it has been either transmitted electronically and made available on each member's chamber laptop computer and a copy in paper form placed on the desk of the Majority Floor Leader and Minority Floor Leader or placed on the members' desks in paper form, except for the desk of any member who has waived receipt of amendments. An amendment to a House Substitute shall be considered timely if it is distributed prior to the motion being made to adopt the House Substitute.

(c) The sponsor of an amendment that has been distributed may make technical corrections at the time the amendment is offered or under consideration. Any technical corrections shall be read in full by the clerk. Technical corrections shall be subject to a point of order that they are not truly technical in nature.

(d) The sponsor of an amendment shall not otherwise amend **or substitute** his or her own amendment.

(e) Every proposed amendment to the amendment and substitute amendment may be offered after the time a bill is initially taken up for consideration but shall be distributed prior to the offeror being recognized for a motion on such amendment.

(f) Amendments shall be prepared by House Research or House Appropriations and filed with the Chief Clerk.

(2) *What Amendments and Substitute Amendments are in Order.* When a bill, motion, or proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order, and it also shall be in order to offer a further amendment by way of substitute for the original motion to amend, to which one amendment may be offered.

(a) It shall not be in order to offer a substitute amendment to an amendment to an amendment.

(b) When an amendment is offered, a substitute for that amendment is offered, and an amendment to the substitute is offered, it shall not be in order to offer a substitute for the amendment to the substitute.

(c) Any proposed amendment in the third degree shall be out of order.

(d) Any motion to adopt an amendment may be withdrawn by the sponsor before decision thereon.

(e) Once a bill has been amended, it shall be in the possession of the House.

(f) If a proposed amendment has been defeated, the same amendment shall not be proposed again. An amendment identical to one previously decided on the same bill is not in order, except for amendments to appropriations bills.

(3) *Committee Substitutes Treated as Original.* A House Committee Substitute shall be considered as an original bill for purposes of amendment.

(4) *House Substitute.* No House Substitute will be in order except those reported from the House Committee on Legislative Review. No House amendment which, in the opinion of the Speaker, is effectually replacing the underlying bill or committee substitute will be in order.

(a) A bill may be sent to the Committee on Legislative Review prior to the adoption of any House Committee Substitute; prior to the bill's perfection, if a House bill; or prior to third reading, if a Senate bill.

(b) A House Substitute shall take the form of an original bill and is subject to floor amendments, except that it shall not be subject to an amendment by a subsequent House Substitute.

(c) Any House Substitute reported from the Committee on Legislative Review shall lie on the calendar at least one legislative day in advance of consideration on the House floor.

(d) A House Substitute reported from the Committee on Legislative Review shall not be offered on the House floor in the form of an amendment.

(6) *Appropriations Bills.*

(a) No amendment to the appropriations bills of the state budget shall be in order if it increases the total amount of general revenue or general revenue equivalent appropriated in the House appropriations bills. Any amendment that increases the amount of general revenue or general revenue equivalent appropriated in the House appropriations bills shall be required to be submitted with a separate amendment that makes an equal reduction in general revenue or general revenue equivalent in the same bill or any other of the bills still pending. If the reduction is in another bill, the decreasing amendment shall be taken up first, and the increasing amendment may be taken up only if the decreasing amendment is adopted. When a pair of amendments is submitted, the decreasing amendment shall be required to clearly identify the corresponding increasing amendment.

(b) If a member's decreasing amendment is adopted and the same member's increasing amendment is defeated, the decreasing amendment's adoption is **[~~void~~] moot**.

(c) The offering and adoption of an amendment decreasing the amount of general revenue or general revenue equivalent appropriated without a balancing increase creates no right of another member to offer an increasing amendment in any amount up to the amount of the decrease effected by the decreasing amendment, and no member may be recognized for the purpose of making such an amendment.

(d) For the perfection of the House appropriations bills of the state budget only, it shall be permissible to amend any line item as often as the House pleases, as long as prior adopted amendments to the line item are taken into account.

(e) Notwithstanding any rule to the contrary, neither substitute amendments nor amendments to amendments shall be in order for any appropriations bill other than technical corrections under Rule 49(1).

Rule 50. When a committee recommends a substitute for a bill, the original bill will accompany the substitute. The substitute shall be handled on the floor of the House by the committee chair or any member designated by the committee chair. The Chief Clerk shall have an appropriate number of copies of the substitute printed. No committee substitute shall be called from the calendar of the House until the printed copies have been distributed for at least one legislative day. Amendments, if any, may be offered to the substitute before the vote on the motion to adopt the substitute is taken. If the substitute is defeated, the original bill shall be before the House for perfection and shall be considered and shall be handled on the floor by the original sponsor of the bill. Notwithstanding the provisions of this rule, the Speaker may, at any time, change the House handler of any bill or substitute **unless the sponsor of the House bill objects**.

Order of Amendments

Rule 51. When amendments to any bill, motion, or proposition are pending, they shall be voted on in the following order:

(1) Amendments to the amendment are disposed of before the substitute is taken up. Only one amendment to the amendment is in order at one time; but as rapidly as one is disposed of by rejection or incorporation as a part of the amendment, another is in order as long as any member desires to offer one.

(2) Amendments to the substitute are next voted on, and may be offered, one at a time, and as rapidly as one is disposed of by rejection or incorporation as a part of the substitute amendment, another is in order as long as any member desires to offer one, until the substitute amendment is adopted.

(3) The substitute amendment, as amended, is next voted on. If the substitute amendment is adopted, the underlying amendment to which it was offered shall not be voted upon, but the substitute amendment shall become part of the bill.

(4) The amendment is voted on last. If any substitute has not been agreed to, the vote comes on the amendment as amended.

(5) The House Committee Substitute is next voted upon, after opportunity for amendment. If the House Committee Substitute is adopted, there shall be an additional vote for the perfection of the bill, as amended.

(6) If there is no House Committee Substitute, or if the House Committee Substitute is not adopted, the original House Bill is next voted upon, after opportunity for amendment.

All amendments adopted by the House to a bill originating in the House shall be incorporated in the bill as perfected, and the bill, as thus perfected, shall be printed for the use of the members before its final passage, provided that the bill shall be subject to a titling amendment before the vote on perfection is taken. For purposes of this rule, a titling amendment shall not count against the Rule 87 prohibition on speaking twice on the same question. Procedure for Motion to Reconsider

Rule 83. A constitutional majority is required to sustain any motion to reconsider. If the motion to reconsider is sustained, the House shall proceed to the original question or motion immediately before proceeding to other questions; whereupon the original question shall be voted upon before any other business of the House is transacted. This shall not preclude further debate or amendment of the proposition, if otherwise appropriate. Any motion to reconsider having failed once shall not be reconsidered again, except to reconsider the vote by which an appropriation bill failed to pass. In the case of an appropriation bill, the motion to reconsider may be considered as many times as the House chooses.

On Speaking

Rule 84. When any member is about to speak in a debate or deliver a matter to the House, he or she shall rise from his or her seat and respectfully address himself or herself to "Mr. Speaker" or "Madam Speaker". The member shall refer, as appropriate, to other members as "Lady", "Gentleman" or "Representative". The member shall confine himself or herself to the questions under debate and avoid personality and derogatory personal comments. If any member violates the rules of the House, the Speaker, or any member, may call him or her to order. Any member called to order shall immediately sit down, unless permitted to explain, and the House shall, if appealed to, decide the case.

Appeals

Rule 85. If there is no appeal, the decision of the Speaker is final. If the decision of the Speaker is in favor of the member called to order, he or she may proceed; if otherwise, and the case requires it, he or she shall be liable to the censure of the House.

Member to Rise or Seek Recognition

Rule 86. The Speaker shall not recognize any member desiring to speak unless such member arises or appropriately seeks recognition at or near his or her desk. When two or more members seek recognition at the same time, the Speaker shall name the member who is to speak first, the other members having the preference next to speak.

Member May Speak - How Often

Rule 87. No member shall speak more than twice on the same question without leave of the House, nor more than once until all other members desiring to speak have spoken. Except when reporting a bill or resolution from a committee, no member may speak or inquire for more than fifteen minutes unless by unanimous consent of the House. When the question is to third read and pass a House Bill or House Joint Resolution, no member may speak or inquire for more than ten minutes unless by unanimous consent of the House. When the question is to third read and pass a House Consent Bill or a Senate Consent Bill, the floor handler of the bill and the ranking committee member from the party not the same as the bill handler shall not speak or inquire for more than ten minutes. Other

members shall not speak or inquire for more than five minutes on such bills. The provisions of this rule shall not take precedence over any limitations set pursuant to Rule 24 (28).

No Member Shall Name Another Member in Debate

Rule 88. No member shall name another member in debate, but shall refer to the member by district number or county.

Members Not to Use Profanity

Rule 89. No member may use profanity either while speaking on the floor or in committee.

Members Not to Walk Across House - When

When a member is speaking, no member shall engage in any private conversation; nor while a member is speaking shall anyone pass between him or her and the Speaker. No member shall walk between two members who are engaged in debate or inquiries in the Hall of the House.

Rule 93. (1) Every member shall be present within the Hall of the House during its sittings, unless excused or necessarily prevented, and shall vote on each question put, unless he or she has a direct personal or pecuniary interest in such question. No member shall be recorded as voting when he or she was not present when the vote was taken. Nothing herein contained shall prohibit a member from voting "Present" on a question, and such vote shall be recorded in the Journal. In the case of equal division, the question shall be lost. In the event that a member's vote or absence is incorrectly recorded in the Journal, he or she shall file with the Chief Clerk an affidavit stating that he or she was in the chamber at the time the vote was taken, that he or she did in fact vote, that the vote or absence was incorrectly recorded, and the correct vote that should have been recorded. In addition to any other penalty provided by rule or law, the filing of a false affidavit shall subject that member to censure by the House.

(2) A member may not authorize any other person to cast his or her vote or record his or her presence. No other person may cast a member's vote or record a member's presence. A vote by a member of a committee with respect to any measure or matter may not be cast by proxy.

Demand for Verification

Rule 95. Any five members may demand a verification of the roll call if such is made at any time prior to the time the voting has ended; which, in the event of electronic voting, shall be when the Speaker orders the voting board closed. A demand for verification and a call for absentees are the only reasons for which a member may interrupt a roll call vote.

Bell to Signal Recorded Vote

Rule 96. At a reasonable time prior to the beginning of calling the ayes and noes on any question, a bell notifying the members of a roll call shall be sounded. After the votes are registered, the absentees shall be noted and upon demand of any member, another bell signifying that a call of absentees is being taken shall be sounded and a reasonable time shall be allowed after the sounding of the bell before the voting is closed.

Roll Call Votes

Rule 97. In all cases where a rule of the House of Representatives refers to the "calling of the names of the members" or "calling of the ayes or noes" or "calling of the roll", such reference shall be understood to refer also to the "taking" of the vote by electronic roll call system. There shall be a taking of the vote by electronic roll call system on the motion of any one member which is seconded by four other members immediately standing. A vote by electronic roll call shall be limited to thirty minutes, except in the cases of quorum calls. In the event that the electronic roll call system is inoperable, the taking and recording of such vote shall be done by calling the name of each member and recording the respective aye, no, or present votes. Any member not responding when his or her name is called shall be recorded as absent.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FOURTH DAY, TUESDAY, JANUARY 10, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"The Lord give thee wisdom and understanding…that thou mayest keep the law of the Lord, thy God."
(I Chronicles 22:12)

O Lord of love and God of all goodness, in this moment we bow our heads in prayer thanking You for this glorious state in which we live and work. May we now and always prove ourselves worthy of Your presence, eager to do Your will, and ready to serve our people. Save us from pettiness and mold us into a people united in purpose and principle, in faith and fortitude.

Bless with Your wisdom the members of this House of Representatives, and particularly our new speaker. Direct their decisions, prosper their planning, and expedite their efforts as they seek to promote the welfare of our state and the good of all our districts.

As a result of our endeavors today, may progress come to our citizens and happiness into every human heart in our show-me state.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

Representative Patterson requested unanimous consent to dispense with the Administrative Order of Business, which request was granted.

PLEASE TAKE NOTICE THAT a verified petition for a recount for Missouri House of Representatives District 105 was filed with the Missouri House of Representatives January 5, 2023 by hand delivery. PETITION FOR RECOUNT

Contestant Cindy Berne, Democratic nominee for Missouri House of Representatives District 105, for her petition for a recount under Section 115.565, RSMo., states:

1. Contestant Cindy Berne was the democratic nominee for Missouri House of Representatives District 105 in the November 2022 general election.

2. The Secretary of State certified the results of Contestant's election December 9, 2022.

3. According to the certified election results, Contestant received 5,305 votes representing 48.4% of the total vote.

4. Contestee, Adam Schwadron, received 5,404 votes, representing 49.3% of the total vote.

5. Based on the certified election results, Contestant was defeated by 0.9%.

6. Under Section 115.601.1, RSMo., all candidates who were defeated by less than one percent of the votes cast "shall have a right to a recount of the votes cast for the office."

7. Because this petition concerns a contested election for the office of state representative, it "shall be heard and determined by the state house of representatives." Section 115.563.1, RSMo.

8. The recount must be requested by filing a verified petition with the speaker of the house "not later than thirty days after the official announcement of the election result is issued by the secretary of state." Section 115.565, RSMo.

9. Because the secretary of state certified the election results on December 9, 2022, this petition is timely.

10. Upon filing and pursuant to Section 115.567, contestant will cause a copy of this petition to be served upon contestee, the secretary of state, and the St. Charles County Election Authority.

WHEREFORE, Contestant Cindy Berne requests that a recount be conducted upon contestee's filing of an answer to this petition in accordance with the procedures stated in Section 115.585, RSMo., and Section 115.587, RSMo., and that the House of Representatives make such other and further orders as it deems just and proper.

Respectfully submitted,

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTH DAY, WEDNESDAY, JANUARY 11, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Lead in Thy truth and teach me, for Thou art the God of my salvation." (Psalm 25:5)

O Lord, our God, grant unto the members of this chamber, and all who work with them and for them, a fresh sense of Your power as we take up the duties of this day. May we learn to think Your thoughts and keep our hearts open to our people. Grant us wisdom as we make decisions, good will as we relate ourselves to one another, and courage as we struggle to do what is right and good for all.

Breathe on us, breath of God; fill us with life anew, that we may love what You love and do what You would do.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fourth day was approved as corrected by the following vote:

INTRODUCTION

In the 2019 session, the General Assembly passed Senate Bill 391, sponsored by Senator Mike Bernskoetter, which modified the laws relating to agricultural operations. The bill also established the "Joint Committee on Agriculture." The joint committee met and issued a report in 2020 and 2021 and has continued its efforts in 2022.

The joint committee is tasked with studying the economic impact of the agricultural industry in the state, the industry's ongoing efforts to improve environmental stewardship while also improving the economic sustainability of agriculture, ways to incentivize members of the industry to adopt best practices to address Missouri's carbon footprint, and the public's views on agricultural issues in general. As required by the legislation, the joint committee must issue a report by January 15 of each year. In 2022, the joint committee continued to build on the work it had completed the preceding two years. The joint committee held two public hearings on June 22 and October 4, 2022, in Jefferson City.

SUMMARY OF PUBLIC TESTIMONY

I. June 22, 2022 Hearing

At the June 22, 2022, hearing in Jefferson City, the joint committee heard testimony from representatives of different sectors of the agriculture industry. Most of the testimony spoke to the challenges the agriculture industry faces.

Dr. Scott Brown, from the University of Missouri's Food and Agricultural Policy Research Institute, discussed the effects of the 2019 tariffs, Covid-19, and other world events on the trade of agricultural and other products. He also discussed how the strength of the dollar has made U.S. products more expensive in comparison to other countries with similar products. A copy of his presentation can be found in Appendix B.

Tony Clayton, with Clayton Agri-Marketing in Jefferson City, gave testimony on how regulatory hurdles and the administrative policies of other countries, especially China, have affected the livestock export industry. Clayton discussed the impact of changes in other associated industries on exporters' ability to transport animals throughout the country and the world. He discussed how animal disease and testing of animals can affect the timing and cost of transporting animals; and the benefits of detailed animal tracking when exporting animals to foreign nations. A copy of his presentation can be found in Appendix C.

Casey Wasser with Missouri Soybean Association spoke to the committee about the Net Import Study authored by the University of Missouri. Nationwide, 45 percent of the soybean crop is exported. Due to the drop in soybean prices due to Chinese tariffs, the Soybean Merchandising Council is looking at ways to capture added value of soybeans with the goal of being a net importer of soybeans. In an effort to capture the value, a new soybean crushing operation is locating in southeast Missouri, and will be approximately one-third larger than other facilities currently operating in the state.

Wasser spoke about the importance of Missouri Agricultural and Small Business Development Authority (MASBDA) programs to the industry. He mentioned the potential of aquaculture in Missouri and its use of soybean meal. In addition, he spoke to the effect of the California Air Resources Board "carbon intensity score" on the soybean industry due to land use change penalties for biodiesel.

Mike Deering from the Missouri Cattlemens Association spoke regarding the cattle industries increased cost of inputs and reduced margins. The association also spoke to the need to build on the changes to eminent domain laws passed in the 2022 legislative session. The Cattlemens Association believes that the General Assembly needs to work together to strengthen protections for landowners. Other issues that the association deem as pressing are rural healthcare and mental healthcare availability. Suicide rates in rural areas have increased in recent years and resources need to be available for residents in need of such services.

Deering also spoke about the need for beginning farmer programs. He believes that one of the biggest threats to the industry is the average age of the farmer. No other issue will matter if there are no farmers to populate the industry. In 2015, House Bill 387 and Senate Bill 177 proposed a Beginning Farmer Center modeled after a program in Iowa. It provides a tax deduction to incentivize older farmers to work with beginning farmers. Unfortunately, it did not pass.

Bradley Schad from the Missouri Corn Growers Association testified to concerns his organization is seeing currently and predicts to run into in the future. First, his members are having trouble contracting for diesel fuel for the upcoming year due to the shortage in diesel fuel across the nation. Second, the lack of workforce facing current farmers. Younger Missourians are moving to the urban areas and not returning to rural Missouri and the farm.

Last session, the priority legislation for the Corn Growers Association was the extension of the MASBDA programs. The two-year extension passed in the 2022 legislative session disincentivizes long-term projects. The association will continue to push for a six-year extension.

Ben Travlos with Missouri Farm Bureau distributed a letter from Farm Bureau President Garrett Hawkins. This letter can be found in Appendix D. Travlos spoke about the organization's views on property rights and the need to continue to strengthen property rights and tighten the eminent domain statutes. Farm Bureau recognizes the priority of investing in rural communities and infrastructure resources.

Dale Ludwig with the Midwest Hemp Association clarified the two types of hemp and spoke to the opportunities in the state for hemp fiber. There are many types of industrial hemp plants that can be used for many different purposes. However, due to regulatory requirements, it has been hard to get farmers in the state to plant hemp plants. This is the only product that a farmer has to obtain a license to grow. One option would to allow a small number of acres to be grown without a license.

Rep. Pollitt testified before the committee to update the committee on House Bill 1720, the agricultural omnibus bill, which included the MASBDA program extensions, biodiesel and ethanol fuel tax credits and multiple other legislative priorities. Through negotiations, the tax credit program will expire in two years. The goal is to file bills in the next session to extend the sunsets to at least six years.

Rep. Sharpe testified before the committee to update the committee on House Bill 1596, the Family Farms Act. In the bill, the program was updated to reflect the true cost of raising livestock with current costs. This Act has been one of the most successful agricultural programs in the state's history.

Rep. Haden discussed with the committee his concerns regarding solar energy farms. In Calloway and Audrain counties, there are thousands of acres under contract to be taken out of agricultural production for use as solar farms. In the near future, Rep. Haden is concerned that this could be divisive in rural communities since it will affect all sectors of the agricultural industry.

Rep. Haden also provided an update on litigation arising from the passage of Senate Bill 391 in 2019 and the restrictions on county health boards. Cases are currently moving through the process with a case arising from the additional changes made in House Bill 271 in 2021 pending before the Missouri Supreme Court.

Rep. Hovis spoke to the committee about Right-to-Repair for agricultural and construction equipment. It would allow owners or certain repair shops to perform repairs on the equipment similar to those that are currently allowed on passenger vehicles.

Rep. Riggs presented to the committee regarding broadband infrastructure and the 2021 interim committee findings. Senate Bill 820, which passed in 2022, contained five recommendations from the interim committee findings, including increasing the state's standard for a community to be served by high-speed internet and creating detailed maps to determine who meets this standard.

Representatives Thompson and Owen presented to the committee information regarding the federal environment social governance policies. The current federal administration has proposed rules relating to climate change, including SEC rules that would require public companies to disclose certain information and third party verification of climate related information. The new rules would increase compliance cost and reduce market efficiency.

Finally, Representative Van Schoiack spoke to the committee about the use of drones over private property. Drones have valid uses but personal property rights need to be protected to insure their privacy is not invaded.

II. October 4, 2022 Hearing

At the October 4, 2022, hearing in Jefferson City, the committee heard presentations on legislative priorities from stakeholders and representatives. Below is a list of legislative priorities presented to the committee.

House Bill 3
Rep. Pollitt updated the committee on the passage of House Bill 3 during the first Extraordinary Session of 2022. House Bill 3 was an omnibus agricultural economic opportunities bill that included a six-year extension of the MASBDA programs, as well as many other agricultural priorities. Rep. Pollitt thanked the agricultural stakeholders for standing together to move these priorities forward.

Right To Repair
Representative Barry Hovis spoke about a proposal to allow owners of products purchased or used in Missouri to have the right to access the same diagnostic and repair information that manufacturers supply to independent repair facilities and authorized repair providers. The legislation would protect proprietary information while allowing farmers to repair their own equipment.

Paul Combs, the President of Baker Implement Company, and Tom Nobbe, a partner in Sydenstricter-Nobbe partnership, spoke against the proposal to implement Right-to-Repair. Nobbe and Combs testified that customers already have access to needed resources to perform repairs, including technical manuals and diagnostic software. Dealers keep large parts inventories in order to quickly perform repairs. A major problem facing dealers is a shortage in technicians.

Darrick Steen with the Missouri Corn Growers Association and Ben Travlos from Missouri Farm Bureau testified for informational purposes. Steen spoke of the association's concerns about modifications that pose a safety concern or change emissions equipment. Travlos spoke about striking a balance to allow farmers and independent repair shops access to repair tools to reduce down time when repairs are necessary.

Property Rights
Co-Chairman Mike Haffner spoke regarding the changes in the 2002 legislative session to fair market value in regards to eminent domain proceedings. Haffner spoke about the Tiger Connector, part of the Grain Belt Express project, and his concerns regarding the changes in the project since the original issuance of the certificate of convenience and necessity by the Public Service Commission (PSC).

Wiley Hibbard, Ralls County Presiding Commissioner, testified about his concerns regarding the interaction between the PSC and Invenergy. He also spoke regarding the manner in which Invenergy has interacted with landowners in Ralls County and the changes in the project contrary to what the PSC approved. According to Hibbard, Invenergy has sued Chariton and Caldwell counties because the counties did not give county assent to use the county roads.

Travlos expressed Farm Bureau's appreciation for the changes to the eminent domain statutes. He also shared that the several agricultural organizations filed an application with the PSC to intervene on the Tiger Connector proposals. Farm Bureau feels that the Grain Belt express is trying to skirt around applying with the new requirements passed in 2022. Liz Henderson with the Missouri Soybean Association spoke to echo the sentiments of the Missouri Farm Bureau.

Zach Monroe with Ameren Missouri testified before the committee for informational purpose. Monroe expressed Ameren's desire for legislators, when looking at property rights and the use of eminent domain, to look at utility companies that work to keep a secure grid for the delivery of power differently than independent power suppliers such as the Grain Belt Express.

Environmental Social Governance
Representatives Terry Thompson and Bill Owen express their concerns about the federal government's regulations for disclosures of climate-related disclosures. The proposed rules will increase compliance costs and create confusion with investors. Public pensions in the state are concerned about their investment portfolios based on the effects of the environmental social governance programs. In addition, these programs will affect access to credit for the agricultural sector. Currently, there are 20 states working to limit environmental social governance. However, the legislature needs to be careful not to place the financial industry in a position in which federal and state laws conflict and force bankers to violate either state or federal laws.

Taxation of Solar Panels and Property
Representative Kent Haden spoke about the development of large commercial solar farms in his district. In the 2022 legislative session, he and Senator Cierpoit proposed legislation to tax solar farms using a similar methodology as wind farms. Through the legislative process, the legislation changed to a task force to study the issue of taxation for solar farms. The task force must submit a report by the end of the year.

Solar farms are great financial deal for the farmers leasing their land. However, for the communities where the solar farms are located, it removes farmland from production, reduces on-farm jobs, and affects the associated business in the community.

Foreign Ownership of Agricultural Land
Representative Bill Hardwick spoke to the committee regarding foreign-ownership of food production and agricultural land and the implications that it has with our geopolitical competition, including China. Missouri needs to produce food and other goods in order to reduce the opportunity for supply chain interruptions. Missouri must look at the foothold foreign countries hold in the interest of land in the state. According to Hardwick, our geopolitical competitors are using the nation's system of capitalism to gain control of land in the state.

Hardwick spoke regarding legislation on the federal level to direct the federal Secretary of Agriculture to take regulatory steps to prevent the purchase of agricultural land and production from certain countries. Some legislative options on the state level include transparency in limited liability corporation ownership, modifying the ownership requirements for foreign ownership of corporations, changes to the definition of what is included in the definition of "foreign ownership." According to Hardwick, a legislative proposal must look at long-term national security while balancing personal property rights and free market principles.

Broadband
Representative Louis Riggs updated the committee regarding high-speed broadband efforts in the state. The state Broadband Grant Program has received more than 300 applications for the first round of grant projects funded with American Rescue Plan Act (ARPA) funding. Missouri is leading the country in accountability measures for the grant program, including default reporting and claw back provisions for federal funds allocated for the state. Riggs also testified about the successful deployment of broadband in Shelby and Ralls counties and the impacts this deployment has had in the counties.

Katy Trail and Rock Island State Parks
Representative Bruce Sassmann spoke to the committee regarding property rights on the Katy Trail, the Rock Island Spur of the Katy Trail, and the developing Rock Island State Park. At the implementation of the Rails-to-Trails Program at the federal level, Congress preserved the rail corridors for future use and the U.S. Supreme Court upheld the banking of this land. There is also compensation available for landowners under the Tucker Act and can be accessed through the Federal Claims Court.

Travlos of the Missouri Farm Bureau spoke in opposition to the public funds being spent on the conversion and maintenance of the new Rock Island Trail State Park. Farm Bureau believes that the state needs to be good stewards of its financial resources and take care of the current projects before entering into new projects.

Mike Sutherland with the Department of Natural Resources testified for informational purposes about the department's current and future projects. Sutherland said that Missouri is currently home to the largest Rails-to-Trails project in the nation, the Katy Trail and Rock Island Spur of the Katy Trail, as well as other Rails-to-Trails projects not maintained by the state. The department has worked with property owners along all of its projects to address landowner concerns. Sutherland provided testimony, which can be found in Appendix E.

Co-Chair Senator Justin Brown asked about the department's appropriations request for the Rock Island State Park in the 2022 legislative session in relation to the backlog of projects at current state parks. Sutherland stated that the department is developing a master plan for the development of the Rock Island State Park and

that the department is committed to not use funding for current state parks for the development of the new park, but instead use donations specifically dedicated to the Rock Island State Park. The department wants to ensure the current parks system is well maintained.

First Regular Session, 102nd GENERAL ASSEMBLY

SEVENTH DAY, TUESDAY, JANUARY 17, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Be ye steadfast, unmovable, always abounding in the work of the Lord, forasmuch as ye know that your labor is not in vain in the Lord." (I Corinthians 15:58)

Almighty God, Creator of all, who amid the trials and triumphs of daily life has set eternity in our hearts, we turn to You at the beginning of another week knowing that without You all our labor is in vain.

In this hour give to us, the representatives of our people, a true devotion to betterment of our state, an outreaching concern for the well-being of all our citizens, and faith in You which opens for us the unfailing resources of spirit, bridges the differences which separate us, and makes us one in the glory of unity.

Help us to honor our wonderful heritage by walking the ways of liberty and law. Give us worth to our words, courage to our hearts, and strength to our hands as we strive to make Missouri beautiful and bright with the lift of our loyalty and the light of our love.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

EIGHTH DAY, WEDNESDAY, JANUARY 18, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"In the beginning God created the heaven and the earth." (Genesis 1:1)

Almighty God, creator and sustainer of this wonderful universe in which we live, hour after hour You are speaking to us and day after day You are seeking to lead us. Help us to hear and to heed Your word and to respond to the leading of Your spirit that the paths to peace may become plain and the ways of working together for liberty and justice may be made known to us.

In this knowledge and by this faith may we lead our state to deeper depths of devotion, to higher heights of honesty, and to greater goals of genuine good for our citizens, both urban and rural.

We thank You for courageous representatives who, under the banner of our state, reach out for knowledge. We pray for them, for their safety, and for continued success in their endeavors. May the knowledge gained be used for the good of all Missourians.

Finally, bless and inspire our Governor as he will present to us soon his hopes and dreams in this chamber.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the seventh day was approved as printed by the following vote:

The Sergeant-at-Arms announced the approach of the Honorable Michael L. Parson, Governor of the State of Missouri. The Governor was duly escorted to the House Chamber and the Speaker's dais, where he delivered the following message to the Assembly in Joint Session.

STATE OF THE STATE
ADDRESS BY
GOVERNOR MICHAEL L. PARSON

Thank you Lieutenant Governor, Mr. Speaker, statewide officials, Judges of the Missouri Supreme Court, and state legislators.

It is an honor to be joined by the First Lady as I stand before you again today as the 57th Governor of the Great State of Missouri.

Today, I stand here with excitement and a renewed sense of optimism for the future of Missouri and its people.

This past year was one of opportunity. We recognized that. Took advantage of that. AND now we are reaping the benefits…both today and tomorrow.

By working together, we've done better than before. We've established a new baseline of service for state government. We've set a new standard for the people of Missouri.

Together, we've moved billions of dollars in investments across this state. Whether you live in Kansas City or St. Louis…Kennett or Rockport…grow corn or cotton…vote left, right, or center…We've left no community behind.

We are building a bench in this state that will continue the tremendous successes we are seeing. AND that means a bench that SEES everyone, that INCLUDES everyone, and is FOR everyone.

Teachers and police officers…state workers and factory workers... every hard-working Missourian is critical to the continued success of our state. Every year, we've supported them, invested in them, and we must never quit on them.

Last year, I stood before you and proclaimed that Missouri is Strong Today and will be Even Stronger Tomorrow. Well this year, I'm here to tell you that tomorrow has arrived…

Missouri IS Stronger today, and we're going to continue what we've started…Because THIS Governor isn't done yet…WE… ARE…NOT… DONE… YET!

This past year, words like "historical" "largest ever" and "most in history" seemed to become permanent parts of our vocabulary…whether it was workforce development, education, infrastructure, mental health, public safety, or agriculture…these words applied to all.

In October, we concluded a historic special session with the passage of the largest income tax cut in our state's history.

We cut the tax rate and simplified the tax code for all Missourians. Missourians work hard, they provide for their families, pay their bills, and pay their taxes. AND they deserve to keep their hard-earned money.

This tax cut means that our administration will have cut Missourians' taxes three times and by 20 percent. Money that can help put gas in the car, food on the table, or saved for a rainy day. It means more money in our economy.

We thank Senator Koenig, Senator Hough, and Representative Smith for their leadership as well as everyone in this chamber who voted for and fought for this tax cut.

In Missouri…when the coffers are full from a booming economy, growing businesses, and job creation…we don't spend for the sake of spending like we see in Washington D.C.…we spend what is necessary for our growth…for the future…and put more money back in Missourians' pockets where it was EARNED…and where IT BELONGS.

During that same special session, we also secured opportunity and support for our state's number one economic driver…agriculture.

I am an Ag Governor and this administration will always stand up for our Missouri farmers and ranchers. AND we challenged legislators who say the same to do the same…

By working together with the leadership of Senator Bean and Representative Pollitt, we put politics and special interests aside and passed long term extensions for our critical agriculture tax credit programs…

Programs that create jobs, promote farm and business innovation, and help add value to our Missouri Grown products.

Despite the roadblocks, political games, and those who stood against agriculture… support for our farmers and ranchers could not be denied. AND we appreciate everyone who took a stand and offered your support for those who feed and fuel our economy.

While tax cuts and support for agriculture are huge wins…you have probably noticed, MISSOURI IS ON THE MOVE.

Our economy is booming. Businesses are investing, growing, and creating jobs in our state.

Thanks to our focus on workforce development and infrastructure, we have achieved countless economic wins.

In 2022, our unemployment rate fell to 2.4 percent…the lowest rate ever recorded in the history of the State of Missouri, and it remains historically low today.

While the federal government tried to solve an inflation problem with more spending, we got to work creating jobs and securing business investment.

This year, we celebrated business announcements all across the State of Missouri…

In total, more than $2.9 billion dollars and nearly 5,000 new jobs were created by businesses that utilized our state programs, like Missouri One Start.

Since its reform in 2019, Missouri One Start has trained nearly 130,000 workers for companies of all sizes.

Its success is why we are continuing our investment of $27 million dollars for additional Missouri One Start training projects to help recruit and train skilled workers for companies choosing our state.

AND we are proud that Missouri ranks 1st in the United States for our low cost of doing business…

Whether it is investments in Missouri One Start, broadband, education, or so on, by prioritizing infrastructure and workforce development, companies are choosing our state to invest.

Some of the first things we are asked about on our Trade Missions is our progress on infrastructure, education, workforce, and our cost of doing business.

In fact, from our Trade Missions alone, we have been able to achieve over 1,000 jobs and more than $1 billion dollars in business investment for Missouri.

AND WE ARE NOT DONE YET

Infrastructure

Last year, we made one of the largest investments in broadband expansion across our state.

Thanks to our efforts, nearly 70,000 under-served homes and businesses across our state NOW have broadband.

BUT we know we can’t stop now. That is why we are investing an additional $250 million dollars to do even more.

If we can put electricity in every home, we can do the same with broadband today.

We are not done until every home, every school, every business, and every farm has access to quality internet.

Not only is broadband important so is our vast transportation network.

But this year, we learned the hard way that we must do more to improve transportation safety.

Over the summer, an Amtrak passenger train derailed near the small town of Mendon, killing four and seriously injuring dozens of others.

Thankfully in this instance, small town America rose to the occasion. Neighbors helping neighbors, strangers helping strangers…the Mendon community represented the best of our people…the best of our state.

AND on behalf of all Missourians…I want to thank them…

While the power of our people and the goodness of their character made a bad situation a little better this time, the state must be proactive and help prevent a similar situation again.

That is why we are including $35 million dollars to begin updating railway crossings to modern day safety standards ALL ACROSS OUR STATE…

When I became Governor, we worked with all of you and set out to repair or replace 250 of our state's poorest bridges, and we are happy to report that 222 have already been completed, and the remaining bridges will be under contract by March.

We have also set out to address crumbling roads in rural areas. Thanks to our rural routes program established in last year's budget, 1,700 lane miles of low volume roads in the poorest conditions will be resurfaced by the end of June of this year.

AND we are extremely proud of our Transportation Cost-Share which has awarded 28 local transportation projects with the funding to improve roads and bridges and bring economic development to their areas.

Through our $75 million dollar investment and partnering with both public and private entities, we have leveraged more than $175 million dollars in new projects all across our state, from the most rural areas to our urban areas.

As you can see, our infrastructure investments are making a real difference for Missourians in our state.

AND one project in particular we want to highlight is the I-270 North project in St. Louis…one of the largest investments ever in our state's history.

This project not only represents stronger infrastructure…it demonstrates the opportunities that these projects can bring to hard-working Missourians.

Involved with the I-270 project is Project Pave. A STEM program that works to mentor, teach, and support students in North St. Louis County high schools. These students get to pursue interests in highway design, engineering, and construction.

AND here with us today is Christian Malloyd.

Christian was an intern with Project Pave and secured full-time employment with Mill-stone Weber as an IT Technician directly out of high school…

AND that is exactly what we are trying to achieve.

Would you please help me in welcoming Christian and his fellow Project PAVE students to the chamber today?

While we might have thought we were just putting asphalt on roads or steel over waterways, what we're really doing is supporting the future.

These investments create REAL jobs that provide REAL careers… to support REAL families and REAL futures.

AND WE ARE NOT DONE YET

For years, congestion, traffic accidents, and delays have become serious issues for commuters on I-70. Not only are we concerned for motorist safety, these inefficiencies are costly to our state's economy. AND we must invest to improve I-70.

To those who say we can't afford it, I say we can't afford not to.

This year, we are requesting $859 million dollars… the largest investment in decades… to widen and rebuild the I-70 corridor and take the first step in adding a third lane across our state.

This is a once in a lifetime opportunity.

And the TIME…IS…NOW.

Education/Workforce Development

Now, as a product of public education, the father of a school teacher, and grandfather of a first-year school teacher and preschooler, I know the American Dream could not be possible for so many without a quality education.

This year, we will again fully fund the foundation formula with an additional $117 million dollars to ensure Missouri schools are receiving the support they need.

But as I've said, we've set a new standard in this state. AND that includes a new standard of accountability for our students, teachers, and administrators across the state.

Last year, we funded our part of school transportation for the first time in more than two decades, and we aren't one and done.

This year, we are again investing $233 million dollars for school transportation to ensure our kids can get to and from school safely.

Additionally, last year, in working with the General Assembly, we funded the Career Ladder Program. Nearly 140 school districts participated and over 11,000 veteran school teachers received an increase in pay.

This year, we are again funding the program with an additional $32 million dollars to continue the state's part and benefit more Missouri teachers.

Another program we are very proud of is our Teacher Baseline Salary Grant program, which raised baseline teacher pay from $25,000 dollars to $38,000 dollars per year.

A total of 356 Missouri school districts participated in the program and provided pay increases to more than 6,000 school teachers.

Clearly this program is making a difference, and we are committed to continuing it for teachers like the one joining us today.

In the upper gallery is one of the teachers we had the pleasure of meeting. She's a first grade teacher from Meadville R-4 School District located in Linn County.

She's a second year teacher and received a nearly $7,000 dollar pay increase thanks to our baseline teacher pay program. She was able to move out of her parents' house, get married, and begin pursuing a master's degree.

Mrs. Fluckey is a great example of the majority of our educators who do it for the right reasons. She represents our educators who certainly don't do it for the money, but do it for our children and the future of our state.

Would you please join me in giving Mrs. Fluckey and all our Missouri educators a round of applause?

We also know that early childhood care is essential to our state's success.

We've already invested nearly $1 billion dollars to improve our child care network and create more options for more Missouri families.

BUT WE ARE NOT DONE YET

We know child care remains a struggle for many parents and businesses. Child care providers often have to limit their hours due to staffing shortages or increase their prices…this poses a real challenge to parents as they weigh the decision to work or stay home.

Prior to COVID-19, more than 50 percent of Missouri residents lived in an area with a shortage of child care. We know that problem has only worsened with one-third of facilities no longer open after the pandemic.

We need to do better…for our parents, children, providers, and businesses.

Joining us today is Sharon Winton, the Director of Discovery Place child care right here in Jefferson City.

Ms. Winton stayed the course and kept her doors open…even as enrollment declined and revenue fell…

Even with her determination and passion for serving Missouri families… overcoming the challenges she faced might not have been possible without the state programs and services our Office of Childhood provides.

Would you please join me in recognizing Ms. Sharon Winton, the children of Discovery Place, and all those who care for our children across the state?

Now…Ms. Winton faces the opposite issue…more and more families are seeking child care options. AND while she would love to help, she simply does not have the resources, space, or staff to accommodate.

To help address this issue, we are proposing three new child care tax credit programs.

These programs will help improve child care facilities, support employers who support their workers with child care assistance, and allow more of our dedicated child care workers to earn a pay increase.

We are also investing more than $78 million dollars to increase Child Care Subsidy rates to child care providers across the state…

Together these actions will help more child care providers to start their business, stay in business, or expand their business.

BUT we are not stopping there…

Missouri's own Susan Blow established the first school kindergarten right here in the State of Missouri, and we want to expand on those efforts started so long ago.

This year, we are here to announce our plan to invest $56 million dollars to begin expanding Pre-Kindergarten options to ALL low-income Missouri children.

Under this program, 50 percent of all our families with pre-k students will be able to enroll their children in expanded programs through their local school district or charter school at no cost.

There is a clear need to do better when it comes to early childhood. Let's meet this moment for Missouri kids, families, and businesses!

Now, for our non-college students or Missourians seeking a new career path…

We are investing $3 million dollars in Apprenticeship Missouri to expand apprenticeship opportunities with a focus on IT, public health, education, and public safety, among others.

These programs are a great way for Missourians to learn a new skill and earn a good-paying job…right out of high school.

Thanks to this program, we are happy to report that we were able to achieve our goal of creating 20,000 new apprenticeships THREE years ahead of schedule.

AND thanks to this program we are NOW 3rd in the United States for apprenticeships opportunities.

This year, we are seeking $2.2 million dollars for our 27 job centers across the state. With more than 195,000 job openings in Missouri…we must make sure Missourians who need a job get a job.

Additionally, to further support career opportunities for our young people, we are requesting $500,000 dollars for our Jobs for America's Graduates to help more high school students further their education or go directly into the workforce.

For college bound Missourians, we are increasing core funding to our Community Colleges and 4-year institutions, by seven percent… the largest increase in more than 25 years.

Additionally, we are investing another $275 million dollars for capital improvement projects on our college campuses…

We are also proposing an additional $800,000 dollars for our Fast Track program to ensure that any qualified person seeking a scholarship is able to receive it.

For our high school seniors wanting to further their education, we are also again fully funding A+ scholarships.

AND to help promote workforce development on college campuses, we are recommending $38 million dollars for our MoExcels program to expand employer-driven education and training programs.

Together, these investments will help our colleges and universities keep up with the educational demands of both today and tomorrow.

We all know manufacturing is a leading industry in our state. In fact, we rank 4th in the United States for new manufacturing facilities.

But a serious hurdle for our manufacturing companies here in Missouri and across the nation is the semiconductor chip supply chain.

To address this issue…for the first time…we are dedicating $25 million dollars for research, program development, and training to increase our competitiveness for semiconductor manufacturing right here in Missouri.

The last thing we want is to rely on China when we CAN and WILL do it right here in Missouri.

Government Reform

These investments in infrastructure, workforce, and education cannot be achieved without a functioning and efficient state government…

AND the dedicated leaders in my Cabinet. Would members of my cabinet please stand to be recognized for all you do on behalf of the people of Missouri?

While businesses build their bench…we need to build the bench in state government.

As many of you know, the recruitment and retention of state employees has been a severe problem for our state. AND while we have made considerable advancements like wage increases, deferred compensation, and professional development opportunities…

MORE is needed.

Supporting our state workers means supporting the people of Missouri…AND we are not done yet.

This year, as part of our supplemental budget, we are requesting an immediate 8.7 percent cost of living increase for our state employees.

For anyone who can't already see the dire need for this action, we want to be clear, this is not state government setting the market…this is merely an attempt by state government to stay competitive with the market.

If we allow state government to fall behind, we allow Missourians to fall behind.

With more than 7,000 positions open across state government, this wage increase is necessary… and it is the MINIMUM we must do…

On behalf of all state employees, I ask for your full support to pass this increase and deliver it to my desk by March 1.

We also want to improve the services we provide through our agencies like the Children's Division. This Division is critical to the health and safety of some of Missouri's most vulnerable children, yet it is critically understaffed and under-resourced.

By investing $22 million dollars we can help alleviate the strain, hire more employees, and support struggling families and children.

We must do more and do better for our children, our families, and the future of our state.

We've come a long way… BUT for Missouri to stay on the move…so does state government.

Health Care/Mental Health Care

In 2022, fresh out of the grips of COVID-19, we understood the need to do better in this state when it comes to health and mental health care.

Last year, we made historic investments in health and mental health, including the new State One Health Lab, which states across the nation are using as a model for their own plans.

Now…frankly, an area in which we are heartbroken to be failing is maternal mortality. Currently, Missouri ranks 44th in the United States for our abnormally high maternal mortality rate.

This is embarrassing and absolutely unacceptable.

We are determined to change this. AND we are requesting $4.3 million dollars to allow the Department of Health and Senior Services to implement a new maternal mortality plan.

DHSS estimates that 75 percent of maternal deaths are preventable with at least one meaningful change to treatment, whether directly to the patient or through the provider, community, or health care system.

We refuse to accept this tragic Missouri statistic. We must do better. If we can't get it right for the mothers and children across our state, we might as well pack our bags and let somebody else occupy our seats.

Let's support our mothers, let's support our children, let's support the future of Missouri.

This year, we are also proposing an additional $3.5 million dollars to increase the number of youth behavioral health liaisons across our state. This initiative will fund 27 liaisons to help our youth in crisis and receive the treatment they need.

It is needed, it is wanted, and more importantly…It is helping keep our kids SAFE, IN school, and OUT of the system.

Here with us today is Leah Crawford. Last year, she was observing a change in her daughter's behavior and mood. Her daughter, Jewel, was carrying so much hate and anger - things that no child should have to suffer through.

Recognizing a need to do something, Leah took her daughter to Phallin Thornton, one of our youth behavioral liaisons. It was because of Phallin that Leah felt her daughter was finally opening up and making a change for the better.

After a visit with Phallin, she was smiling again… laughing again… being a child again.

This is the real difference this program is making for our kids across the state.

We are grateful to have Leah, Jewel, and Phallin with us here today. Would you please stand to be recognized?

This year, to address the severe shortage of Certified Nursing Assistants all across our state, we are proposing nearly $4 million dollars to boost C-N-A training and programs.

With this increase, we expect 4,000 additional students to gain C-N-A training and employment at a long-term care facilities and other medical facilities, including our Missouri Veterans Homes.

We owe it to Missourians to provide them with quality care, and C-N-As are critical to that mission.

AND we also want to thank all of our doctors, nurses, and health care professionals across our state who care for our citizens.

Public Safety

We must also always look to improve when it comes to public safety in our state.

Unfortunately, our home, schools, and communities are not immune to violence. BUT it's our jobs… the individuals in this building to do what we can to promote a safer Missouri.

This past year, we saw violence and shootings plague schools and communities across the nation, and sadly our state was no exception.

The events that unfolded at Central Visual & Performing Arts High School just a few months ago were nothing short of tragedy.

As friends and family mourn, a community grieves, and a school tries to continue on without a valued and beloved teacher and student…we must recommit ourselves to ensuring our schools are safe.

While we will never understand or control the violence of these deranged individuals, we can look to the school safety officers and law enforcement who got it right that day.

They were prepared…they had a plan…they saved lives and prevented a tragic situation from becoming even worse.

We want to ensure that preparedness and response can be repeated across our state if the unthinkable ever occurs again.

That's why this year we are proposing $50 million dollars for school safety grants to further protect our children and our schools.

We know that public safety starts with supporting our men and women on the front lines who answer the call… who wake up every day to protect and serve.

BUT we know that law enforcement recruitment has suffered in recent years…AND it is critical that we take action to build the bench in law enforcement.

Last year, we established the Missouri Blue Scholarship program to recruit officers across the state.

Already this program has received high interest and success, with 147 Missourians already earning a scholarship.

Joining us today are Rachel Kelley and Samuel Altom.

Rachel always dreamed of becoming a police officer, but like so many…life gets in the way. Now, she can afford the opportunity to pursue her dream and serve her community thanks to our scholarship program.

Samuel has witnessed firsthand that there can sometimes be disconnect and distrust by younger generations towards law enforcement…he wants to help fix that and hopes to one day help recruit and train future police officers.

This scholarship program and the support it provides to people like Rachel and Samuel are perfect examples of how we can help build the bench in law enforcement.

Would you please join me in welcoming Rachel and Samuel?

For anyone willing to step up to protect and serve their communities, we must do everything we can to support them.

AND as I've said…In this state, we support and defend our law enforcement officers, we don't defund them…AND OUR ADMINISTRATION NEVER WILL.

Infrastructure, education, workforce development, health care, mental health, public safety…it's not one or the other…it's everything working together that allows a better future for our children and our families.

We have always invested in these priorities… and we always will.

CONCLUSION

For us, it's all about the WHY.

The WHY we aren't done yet…the WHY we CAN'T be don't yet…it's because of our children.

AND joining us on the floor today is the WHY…

Would you please welcome students from Missouri's Blue Ribbon Schools who want to share their American Dream with you…

From Kirkwood...

- Ben Herwick and Julia McDonald want to study business.

From Nixa…

- Meghana Nakkanti wants to study Public Health
- AND Gideon Carter wants to study computer science.

From Eugene Field…

- Carson DeFazio wants to be a soccer coach
- AND Rosalind Martin wants to be a baker.

From Epic…

- Henley Ricklefs wants to be a Veterinarian
- AND Sawyer Burch who wants to join the NFL…AND we're rooting for Sawyer as long he's with the Kansas City Chiefs.

From Dewey…

- Mahlia Wahid wants to study business
- AND Decker Rardon wants to be an engineer.

From Chapel Lakes…

- Cooper Minks wants to be a sports agent
- AND Skylaur James wants to be an Olympic runner.

From Blair Oaks…

- Emmerson Hilty wants to be a teacher and principal
- AND Preston Snitker wants to play professional sports.

AND behind them, we also have children from Discovery Place Daycare who are here to SHOW you their American Dream.

Let's give these kids a round of applause.

Teresa and I are living our American Dream. Our dream is one of faith, family, and patriotic service. A dream that allowed a rowdy farm boy from small-town Wheatland and a bright and beautiful woman from Bolivar to meet and one day become the Governor and First Lady of Missouri.

For the kids in this room…It's their future, their dreams, THEIR AMERICAN DREAM that we MUST support and fight for…It's our privilege and our responsibility.

Kids all across our state have hopes, dreams, and ambitions…AND their American Dream can be bolstered and broadened by the decisions we make right here in this building.

Looking at these kids standing here today…I am confident there is nothing we cannot overcome FOR THEM.

These children are the WHY…If we're not willing to sacrifice for these kids, support their dreams, or stand up for their future, then we must ask ourselves why are we here?

The First Lady and I have always believed in and supported the American Dream…and as we enter the final two years of our time as Governor and First Lady the importance of that mission becomes all the more clear.

Like us, the American Dream should be achievable for ALL…NEVER the exception for SOME.

Our American Dream was possible because leaders before us looked at you and me…and recognized we were worth fighting for.

Today, I ask the same of you…THESE Missouri children are the future. The future of our state, our nation, and our democracy.

If we fail them…then the failures of tomorrow are the failures of today.

Let's not fail them today, tomorrow, or ever.

This Governor…this Dad… and this Gramps… IS NOT DONE YET…

WE…ARE…NOT…DONE…YET…

It is an honor and privilege to serve as the 57th Governor of the state of Missouri.

God bless you, God bless the great State of Missouri, and God bless the United States of America.

The Joint Session was dissolved by Senator O'Laughlin.

Speaker Plocher resumed the Chair.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

NINTH DAY, THURSDAY, JANUARY 19, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Speaking the truth in love, we are to grow up in every way into Him who is the head." (Ephesians 4:15)

Our Creator in heaven and on earth, whose Spirit dwells in the hearts of all citizens, make us conscious of Your presence as we bow in prayer before You this winter morning in the people's house.

We have been taught to walk the way of truth and to live the life of love. May truth so triumph in our minds that we may overcome negativity with high principles and may love so live in our hearts that we may relate ourselves affirmatively to our people. With truth and love alive within us, may we devote ourselves to the welfare of our beloved show me state.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the eighth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTEENTH DAY, TUESDAY, JANUARY 31, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Thou wilt show me the path of life: in Thy presence is fullness of joy." (Psalm 16:11)

Our Heavenly Guide, we pray that You will fill this sacred moment of prayer with the reality of Your awesome presence. Restore our souls, refresh our spirits, and reinvigorate our bodies that we may be made ready for the many meetings and responsibilities of this day.

Grant us sincerity that we may persistently seek the things that endure, refusing those which perish, and that, amid things vanishing and deceptive, we may see the truth steadily, follow the light faithfully, and grow ever richer in that love which is the life of all citizens in our beloved Missouri.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fourteenth day was approved as printed by the following vote:

(1) An admission or denial under oath, of the allegations set forth in the complaint, including negative and affirmative defenses, and any other relevant information, including supporting evidence which the respondent may desire to submit. E. In the event that a special counsel is retained by the Committee, the attorney-client privilege is applicable to the Committee and not to the House.

RULE 8. Primary Hearings

A. A primary hearing may be held to hear arguments based on the evidence submitted in the case. The primary hearing may be closed at the discretion of the Committee. The Committee shall provide the complainant and the respondent or counsel for the complainant and respondent an opportunity to present, orally or in writing, a statement, which shall be under oath or affirmation, regarding the allegations and any other relevant questions arising out of the complaint or other evidence provided to the committee. Opening statements made during a primary hearing shall be limited to fifteen minutes for the complainant and fifteen minutes for the respondent; however, such time limitations may be increased at the discretion of the Chair of the Committee.

B. The Committee shall require that testimony be given under oath or affirmation. The form of the oath or affirmation shall be: "Do you solemnly swear (or affirm) that the testimony you will give before this Committee in the matter now under consideration will be the truth, the whole truth, and nothing but the truth (so help you God)?" The oath or affirmation shall be administered by the Chair or Committee member designated by **[**~~him~~**] the Chair** to administer oaths. The Committee may take testimony from the complainant, alleged victim, respondent, and any other witness at the discretion of the Chair. The complainant, alleged victim, and respondent may submit a list of proposed witnesses to the Chair for consideration at least twenty-four hours in advance of the hearing. Only the Committee members, or special counsel for the Committee, may question a witness at the primary hearing.

C. At the conclusion of the primary hearing, a majority of the Committee shall vote by roll call to:

(1) Dismiss the complaint, which may be accompanied by a report issued by the Committee;

(2) Proceed by undertaking a formal hearing; or

(3) Offer a recommended sanction to the member which may include one of the following:

(a) Letter of reproval;

(b) Reprimand;

(c) Censure; or

(d) Expulsion.

The member shall be given notice of his or her right to object to the Committee's recommended sanction by the time set forth by the Committee, which shall be no less than seventy-two hours. If the respondent fails to object in writing to the Committee's recommendation, he or she shall be deemed to waive any and all rights to further proceedings before the Committee on Ethics and the Committee report shall be filed by the Committee in the form of a House Resolution with the Clerk of the House. The recommendation shall also be published in the House Journal and automatically placed on the House Resolutions Calendar without further referral. If the respondent

objects in writing to the recommendation within the time set forth by the Committee, the Committee shall proceed to a formal hearing, which shall take place no later than ninety days after the receipt of such objection or as scheduled or extended by a majority vote of the Committee.

RULE 9. Formal Hearings

A. A formal hearing shall be held on the record to receive evidence upon which to base findings, conclusions, and recommendations, if any, to the House; except that, such hearing may be closed at the discretion of the Committee. The Committee may require, by subpoena or otherwise, or by subpoena duces tecum, the attendance and testimony of such witnesses and the production of such books, records, correspondence, memorandums, papers, electronic communications, and documents as it deems necessary. The Committee may issue and enforce subpoenas as allowed by law.

B. Prior to setting a hearing date and issuing subpoenas for witnesses, the Committee shall resolve the scope and purpose of the hearings. A copy of this statement of scope and purpose shall be furnished to all witnesses. During the course of the hearings the Committee may expand or contract the scope in light of evidence received.

C. The order of the formal hearing shall be as follows:

(1) The Chair shall open the hearing by stating the Committee's authority to conduct the investigation, the purpose of the investigation and its scope.

(2) The complainant and the respondent or counsel for the complainant and respondent shall be permitted to make opening statements. Such opening statements shall not exceed fifteen minutes each.

(3) Testimony from witnesses and other evidence pertinent to the matter under investigation shall be received in the following order:

(a) Witnesses and other evidence offered by the complainant;

(b) Witnesses and other evidence offered by the respondent;

(c) Witnesses and other evidence offered by the Committee; and

(d) Rebuttal witnesses.

(4) The Chair, or his **or her** designee, and the Committee members may question any witness.

D. Testimony of all witnesses shall be taken under oath. The form of the oath shall be: "Do you solemnly swear (or affirm) that the testimony you will give before this Committee in the matter now under consideration will be the truth, the whole truth, and nothing but the truth (so help you God)?" The oath shall be administered by the Chair or Committee member designated by **[**~~him~~**] the Chair** to administer oaths.

RULE 10. Admissibility of Evidence

A. The object of the hearings shall be to ascertain the truth. Any evidence that is relevant and probative shall be admissible, unless privileged or unless the Constitution otherwise requires its exclusion. Objections going only to the weight that should be given to evidence will not justify its exclusion.

B. The Chair or other member presiding shall rule upon any question of admissibility of testimony or evidence presented to the Committee. The Chair or other member presiding may limit the presentation of repetitious evidence. Rulings shall be final unless reversed or modified by a majority vote of the Committee members present.

C. At a formal hearing, the burden of proof is on the complainant with respect to each count to establish the facts alleged therein clearly and convincingly by the evidence that he **or she** introduces.

RULE 11. Witnesses

A. A subpoena to a witness shall be served sufficiently in advance of his **or her** scheduled appearance to allow **[**~~him~~**] the witness** a reasonable period of time, as determined by the Committee, to prepare for the hearing and to employ counsel should he **or she** so desire.

B. Except as otherwise specifically authorized by the Chair, no member of the Committee or staff shall make public the name of any witness subpoenaed by the Committee before his **or her** scheduled appearance.

C. Witnesses at formal hearings may be accompanied by their counsel for the purpose of advising them concerning their constitutional rights and to raise objections to procedures or to the admissibility of testimony and evidence.

D. Chair may limit such testimony when, in his **or her** discretion, he **or she** finds the testimony is repetitious, cumulative, or irrelevant.

E. Each witness subpoenaed by the Committee shall be reimbursed for those reasonable expenses approved by the Committee.

F. Each witness shall be furnished a printed copy of the Rules of Procedure and the pertinent provisions of the Rules of the House applicable to the rights of witnesses.

G. Within ten calendar days before the scheduled formal hearing, each party shall notify the Committee and all other parties to the complaint, in writing, of the witnesses that are to appear at the formal hearing. Within five calendar days before the scheduled formal hearing, each party shall notify the Committee and all other parties to the complaint, in writing, of any proposed rebuttal witnesses that are to appear on his **or her** behalf. The Chair may exercise discretion in allowing any party's good faith request for additional witnesses that are proposed after the expiration of these time limits, or in denying any witness request made by a party if such request is not made in good faith.

RULE 12. Findings, Conclusions and Recommendations

A. At the completion of the primary hearing or formal hearings, the Committee, by a majority vote of its members, shall, within forty-five (45) days, adopt a report stating its findings and conclusions on the complaint. The report shall be filed with the Chief Clerk of the House, with a copy delivered to the office of the Speaker, office of the Majority Floor Leader, and office of the Minority Floor Leader, and shall be printed in the House Journal. In the event the Committee finds that the complaint is not well-founded, the report shall so state, and shall include a copy of a Letter of Reproval if the Committee authorized such sanction. In the event the Committee finds that the complaint is well-founded, the report shall state the Committee's recommendation in a resolution appended thereto.

B. The resolution shall state the Committee's findings and conclusions on each allegation in the complaint with the recommendation that the House take one of the following actions:

(1) Letter of reproval;

(2) Reprimand;

(3) Censure; or

(4) Expulsion.

C. The chair or counsel for the Committee shall redact from its findings, conclusions, and recommendations, the name or names and any identifying information of any person or persons alleged to be a victim of sexual harassment or sexual misconduct by a member. An alleged victim may consent to the release of his or her name or other identifying information by providing a written request to the chair of the Committee.

D. The Committee's recommendation may also require payment of restitution and costs incurred in the investigation, or impose any other sanction that the Committee deems just and proper under the circumstances, but the amount of restitution and costs shall not exceed the costs incurred by the House related to the complaint. Any assessment of fines or restitution and costs shall be paid in full by the member no later than thirty days after the adoption of a recommendation by the House of Representatives. If the member fails to pay in full by the expiration of the thirty-day time period, then the Chief Clerk may deduct from the member's salary an appropriate monthly sum to repay the full amount due by the conclusion of the member's current term of office.

RULE 13. Matters Not Covered in These Rules of Procedure

The Rules of Procedure of the United States House of Representatives Committee on Ethics of the **[**~~116th~~**]** **118th** Congress shall be taken as guidelines in deciding questions, issues, and other matters not otherwise provided for in these Rules of Procedure, except that the Rules of the Missouri House of Representatives governing the party representation on committees shall apply to this Committee.

RULE 14. Depositions

The Chair of the Committee, upon consultation with the Vice Chair, may order the taking of depositions, under the authority of Section 21.380, RSMo, by a member or counsel of the Committee. Witnesses may be accompanied at a deposition by counsel to advise the witnesses of their rights. Only members of the Committee, Committee staff designated by the Chair or Vice Chair, an official reporter, the witness, and the witness's counsel are permitted to attend. Depositions may be taken at any stage of the proceedings and may be used as evidence submitted by the Committee on Ethics.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

ELEVENTH DAY, TUESDAY, JANUARY 24, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Fear the Lord and serve him faithfully with all your heart; for consider what great things He has done for you." (I Samuel 12:24)

O Ancient God, grant us to love You with all our minds, with all our hearts, with all our strength, and our neighbors as ourselves, that the grace of love may dwell in us, that all harshness may depart from us and our hearts be filled with compassion. May we rejoice in the happiness and the success of others by sympathizing with them in their sorrow, by ministering to them in their needs, and by helping them in their efforts for a greater life with dignity and self-respect. Keep ever before us the shining goal of a greater state, seeking the way to peace and the road to freedom, and protect us from snow!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the tenth day was approved as printed by the following vote:

Any temporary replacement made shall be of the same party as the replaced member and shall be chosen by the Speaker for the replacement of a member of the majority party or chosen by the Minority Floor Leader for the replacement of a member of the minority party; except that, if the Speaker is the respondent, the complainant, or the victim, the temporary replacement shall be chosen by the Chair of the Committee or, if the Minority Floor Leader is the respondent, the complainant, or the victim, the temporary replacement shall be chosen by the Vice Chair of the Committee.

(1) An admission or denial under oath, of the allegations set forth in the complaint, including negative and affirmative defenses, and any other relevant information, including supporting evidence which the respondent may desire to submit. E. In the event that a special counsel is retained by the Committee, the attorney-client privilege is applicable to the Committee and not to the House.

RULE 8. Primary Hearings

The Committee shall provide the complainant and the respondent or counsel for the complainant and respondent an opportunity to present, orally or in writing, a statement, which shall be under oath or affirmation, regarding the allegations and any other relevant questions arising out of the complaint or other evidence provided to the committee. Opening statements made during a primary hearing shall be limited to fifteen minutes for the complainant and fifteen minutes for the respondent; however, such time limitations may be increased at the discretion of the Chair of the Committee.

B. The Committee shall require that testimony be given under oath or affirmation. The form of the oath or affirmation shall be: "Do you solemnly swear (or affirm) that the testimony you will give before this Committee in the matter now under consideration will be the truth, the whole truth, and nothing but the truth (so help you God)?" The oath or affirmation shall be administered by the Chair or Committee member designated by **[**~~him~~**] the Chair** to administer oaths. The Committee may take testimony from the complainant, alleged victim, respondent, and any other witness at the discretion of the Chair. The complainant, alleged victim, and respondent may submit a list of proposed witnesses to the Chair for consideration at least twenty-four hours in advance of the hearing. Only the Committee members, or special counsel for the Committee, may question a witness at the primary hearing.

C. At the conclusion of the primary hearing, a majority of the Committee shall vote by roll call to:

(1) Dismiss the complaint, which may be accompanied by a report issued by the Committee;

(2) Proceed by undertaking a formal hearing; or

(3) Offer a recommended sanction to the member which may include one of the following:

(a) Letter of reproval;

(b) Reprimand;

(c) Censure; or

The member shall be given notice of his or her right to object to the Committee's recommended sanction by the time set forth by the Committee, which shall be no less than seventy-two hours. If the respondent fails to object in writing to the Committee's recommendation, he or she shall be deemed to waive any and all rights to further proceedings before the Committee on Ethics and the Committee report shall be filed by the Committee in the form of a House Resolution with the Clerk of the House. The recommendation shall also be published in the House Journal and automatically placed on the House Resolutions Calendar without further referral. If the respondent objects in writing to the recommendation within the time set forth by the Committee, the Committee shall proceed to a formal hearing, which shall take place no later than ninety days after the receipt of such objection or as scheduled or extended by a majority vote of the Committee.

RULE 9. Formal Hearings

A. A formal hearing shall be held on the record to receive evidence upon which to base findings, conclusions, and recommendations, if any, to the House; except that, such hearing may be closed at the discretion of the Committee. The Committee may require, by subpoena or otherwise, or by subpoena duces tecum, the attendance and testimony of such witnesses and the production of such books, records, correspondence, memorandums, papers, electronic communications, and documents as it deems necessary. The Committee may issue and enforce subpoenas as allowed by law.

B. Prior to setting a hearing date and issuing subpoenas for witnesses, the Committee shall resolve the scope and purpose of the hearings. A copy of this statement of scope and purpose shall be furnished to all witnesses. During the course of the hearings the Committee may expand or contract the scope in light of evidence received.

C. The order of the formal hearing shall be as follows:

(1) The Chair shall open the hearing by stating the Committee's authority to conduct the investigation, the purpose of the investigation and its scope.

(2) The complainant and the respondent or counsel for the complainant and respondent shall be permitted to make opening statements. Such opening statements shall not exceed fifteen minutes each.

(3) Testimony from witnesses and other evidence pertinent to the matter under investigation shall be received in the following order:

(a) Witnesses and other evidence offered by the complainant;

(b) Witnesses and other evidence offered by the respondent;

(c) Witnesses and other evidence offered by the Committee; and

(d) Rebuttal witnesses.

(4) The Chair, or his **or her** designee, and the Committee members may question any witness.

D. Testimony of all witnesses shall be taken under oath. The form of the oath shall be: "Do you solemnly swear (or affirm) that the testimony you will give before this Committee in the matter now under consideration will be the truth, the whole truth, and nothing but the truth (so help you God)?" The oath shall be administered by the Chair or Committee member designated by **[~~him~~] the Chair** to administer oaths.

RULE 10. Admissibility of Evidence

A. The object of the hearings shall be to ascertain the truth. Any evidence that is relevant and probative shall be admissible, unless privileged or unless the Constitution otherwise requires its exclusion. Objections going only to the weight that should be given to evidence will not justify its exclusion.

B. The Chair or other member presiding shall rule upon any question of admissibility of testimony or evidence presented to the Committee. The Chair or other member presiding may limit the presentation of repetitious evidence. Rulings shall be final unless reversed or modified by a majority vote of the Committee members present.

C. At a formal hearing, the burden of proof is on the complainant with respect to each count to establish the facts alleged therein clearly and convincingly by the evidence that he **or she** introduces.

RULE 11. Witnesses

A. A subpoena to a witness shall be served sufficiently in advance of his **or her** scheduled appearance to allow **[~~him~~] the witness** a reasonable period of time, as determined by the Committee, to prepare for the hearing and to employ counsel should he **or she** so desire.

B. Except as otherwise specifically authorized by the Chair, no member of the Committee or staff shall make public the name of any witness subpoenaed by the Committee before his **or her** scheduled appearance.

C. Witnesses at formal hearings may be accompanied by their counsel for the purpose of advising them concerning their constitutional rights and to raise objections to procedures or to the admissibility of testimony and evidence.

D. Chair may limit such testimony when, in his **or her** discretion, he **or she** finds the testimony is repetitious, cumulative, or irrelevant.

E. Each witness subpoenaed by the Committee shall be reimbursed for those reasonable expenses approved by the Committee.

F. Each witness shall be furnished a printed copy of the Rules of Procedure and the pertinent provisions of the Rules of the House applicable to the rights of witnesses.

G. Within ten calendar days before the scheduled formal hearing, each party shall notify the Committee and all other parties to the complaint, in writing, of the witnesses that are to appear at the formal hearing. Within five calendar days before the scheduled formal hearing, each party shall notify the Committee and all other parties to the complaint, in writing, of any proposed rebuttal witnesses that are to appear on his **or her** behalf. The Chair may exercise discretion in allowing any party's good faith request for additional witnesses that are proposed after the expiration of these time limits, or in denying any witness request made by a party if such request is not made in good faith.

RULE 12. Findings, Conclusions and Recommendations

A. At the completion of the primary hearing or formal hearings, the Committee, by a majority vote of its members, shall, within forty-five (45) days, adopt a report stating its findings and conclusions on the complaint.

The report shall be filed with the Chief Clerk of the House, with a copy delivered to the office of the Speaker, office of the Majority Floor Leader, and office of the Minority Floor Leader, and shall be printed in the House Journal. In the event the Committee finds that the complaint is not well-founded, the report shall so state, and shall include a copy of a Letter of Reproval if the Committee authorized such sanction. In the event the Committee finds that the complaint is well-founded, the report shall state the Committee's recommendation in a resolution appended thereto.

B. The resolution shall state the Committee's findings and conclusions on each allegation in the complaint with the recommendation that the House take one of the following actions:

(1) Letter of reproval;

(2) Reprimand;

(3) Censure; or

(4) Expulsion.

C. The chair or counsel for the Committee shall redact from its findings, conclusions, and recommendations, the name or names and any identifying information of any person or persons alleged to be a victim of sexual harassment or sexual misconduct by a member. An alleged victim may consent to the release of his or her name or other identifying information by providing a written request to the chair of the Committee.

D. The Committee's recommendation may also require payment of restitution and costs incurred in the investigation, or impose any other sanction that the Committee deems just and proper under the circumstances, but the amount of restitution and costs shall not exceed the costs incurred by the House related to the complaint. Any assessment of fines or restitution and costs shall be paid in full by the member no later than thirty days after the adoption of a recommendation by the House of Representatives. If the member fails to pay in full by the expiration of the thirty-day time period, then the Chief Clerk may deduct from the member's salary an appropriate monthly sum to repay the full amount due by the conclusion of the member's current term of office.

RULE 13. Matters Not Covered in These Rules of Procedure

The Rules of Procedure of the United States House of Representatives Committee on Ethics of the **[**~~116th~~**]** **118th** Congress shall be taken as guidelines in deciding questions, issues, and other matters not otherwise provided for in these Rules of Procedure, except that the Rules of the Missouri House of Representatives governing the party representation on committees shall apply to this Committee.

RULE 14. Depositions

The Chair of the Committee, upon consultation with the Vice Chair, may order the taking of depositions, under the authority of Section 21.380, RSMo, by a member or counsel of the Committee. Witnesses may be accompanied at a deposition by counsel to advise the witnesses of their rights. Only members of the Committee, Committee staff designated by the Chair or Vice Chair, an official reporter, the witness, and the witness's counsel are permitted to attend. Depositions may be taken at any stage of the proceedings and may be used as evidence submitted by the Committee on Ethics.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

TWELFTH DAY, WEDNESDAY, JANUARY 25, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"The Spirit of the Lord is upon me." (Luke 4:18)

Eternal God, our Heavenly Ruler, we come to You at this moment of humble prayer, for in You is the answer to our questions, the solution of our problems, and the goal of our many endeavors.

May it be our aim, as we gather daily in this historic chamber, to meet the needs of struggling humanity, to strengthen the ties of respect that bind citizens together, and to find the way to consensus among the various political opinions and beliefs.

May we realize more than ever that Your Spirit must touch and transform our own minds if we are to continue to be free, for in You alone is our life, light and liberty.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the eleventh day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

THIRTEENTH DAY, THURSDAY, JANUARY 26, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"You shall keep all the commandments which I command you this day, that you may be strong."
(Deuteronomy 11:8)

Almighty and everlasting God, who is always more ready to hear us than we are to pray and will give more than we desire or deserve, pour out upon us an abundance of Your mercy, cleansing us, forgiving us, and empowering us to do what is right and good for our citizens.

Grant that what we say with our lips we may believe in our hearts and what we believe in our hearts we may practice with our lives, that in deed and in truth we may be doers of the word and not hearers only. In Your light may we see life clearly and in Your straight path may we never stumble or fall, but fly like eagles!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twelfth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FOURTEENTH DAY, MONDAY, JANUARY 30, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Mike Haffner.

Lord, as we gather here, in this historic chamber, we praise You as the Lord of all creation.

In Your Word, in the book of Colossians, You say, *"For by him all things were created, in heaven and on earth, visible and invisible, whether thrones or dominions or rulers or authorities—all things were created through him and for him. And he is before all things, and in him all things hold together*." (Colossians 1:16–17)

We praise You, Lord, as the God of creation and the sovereign God who controls all things and holds all things together by the power of Your mighty hand. So as we struggle, whether it be today or tomorrow, we know it is for our good and, ultimately, that Your glory would be revealed. Praise be unto You.

My prayer on this day, Lord, is that each of us would find comfort in Your glory, and we pray these things in Jesus' name.

And the House says, "Amen."

The Pledge of Allegiance to the flag was recited.

The Journal of the thirteenth day was approved as printed by the following vote:

MESSAGES FROM THE GOVERNOR

The following proclamation was received from His Excellency, Governor Michael L. Parson.

GOVERNOR'S PROCLAMATION

WHEREAS, Article IV, Section 27, authorizes the Governor to control the rate at which any appropriation is expended by allotment and, further, authorizes the Governor to reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based; and

WHEREAS, in addition to the power to control the rate of expenditure established in Article IV, Section 27, three percent of each appropriation, with the exception of amounts for personal service to pay salaries fixed by law, shall be set aside pursuant to section 33.290, RSMo, as a reserve fund and not subject to expenditure except with the approval of the Governor; and

WHEREAS, Article IV, Section 27.2, provides that the Governor notify the General Assembly "whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, due to a variety of factors, including the three percent reserve that is legally required by section 33.290, RSMo, the rate at which most appropriations are expended is not in "equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, Article IV, Section 27.3, provides that the Governor notify the General Assembly "when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based."

NOW THEREFORE, I, Michael L. Parson, GOVERNOR OF THE STATE OF MISSOURI, pursuant to Article IV, Section 27, do hereby make the following notification to the One Hundred Second General Assembly of the State of Missouri:

I hereby notify the General Assembly, pursuant to Article IV, Section 27.2 of the Missouri Constitution, that through the second quarter of fiscal year 2023, the rate of expenditure for each of the appropriation lines in the fiscal year 2023 budget attached as Exhibit A is not in equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation.

I further notify the General Assembly, pursuant to Article IV, Section 27.3 of the Missouri Constitution, that I have taken no action to permanently reduce one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based in the fiscal year 2023 budget.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

SIXTEENTH DAY, WEDNESDAY, FEBRUARY 1, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"I have strength for anything through Him who gives me power." (Philippians 4:13)

In Your presence, O God, we pause for a moment lifting our hearts unto You in prayer. As we pray, our strength is renewed, our courage restored, and our path is made plain. What we felt we could not do, now we can do; what we thought hopeless is now full of hope; what seemed impossible now becomes possible. We are ready for anything through the strength of Your spirit living in our hearts.

Bless our citizens with Your favor and make them a channel for peace and justice in our show me state during this Black History Month.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifteenth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

EIGHTEENTH DAY, MONDAY, FEBRUARY 6, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Doug Richey.

Our gracious Creator and Sustainer,

As we begin yet another week of legislative activity, we pause to acknowledge You. You are the God of Abraham, Isaac, and Jacob. You are the God that delivered, and continues to deliver, Your people. Yours is the victory whether Your people have the opportunity to speak or not, or even when Your people are outnumbered and overpowered. We look to You and recognize that we are utterly dependent upon the gracious provision that only You can make available. We recognize that, in Your faithfulness, You care for us even in the midst of our unfaithfulness.

May we learn the lessons of the past. Help us to press for greater faithfulness in the light of Your truth and wisdom. May we not falter for fear, greed, or arrogant ambition. When we do, please grant us Your gracious forgiveness. Your mercy and patience toward us is required daily. We desire to stand with all of those from the past that stood upon that which is true, and right, and good, and commendable, in spite of temporal cost. May we respond to Your call, the same call issued to Joshua, to be strong and courageous in our daily service to You and our great State.

Please be with us throughout this day.

In the name of Jesus, I pray, Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the seventeenth day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

NINETEENTH DAY, TUESDAY, FEBRUARY 7, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"This I command you, that you love one another." (John 15:17)

Dear God of the ages, our spirit's unseen friend, we pray for every effort which is being made for peace, justice, and unity in our state, and throughout our legislature.

Breathe Your spirit into every human heart that we may learn to live together with understanding and for the benefit of all in this historic chamber.

Bless our Governor, our Lt. Governor, our Speaker, our Senate, the Members of this House of Representatives, the media, and all who labor under the dome of this glorious capitol. Preserve their health, give them wisdom, broaden their vision, and guide their aspirations that together we may seek to serve all with truth and charity as we serve our citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the eighteenth day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

TWENTIETH DAY, WEDNESDAY, FEBRUARY 8, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"My brethren, be strong in the Lord and in the power of his might." (Ephesians 6:10)

God of our beloved Ancestors, amid the tension of troubled times, may we keep within our hearts a calm and a quiet place where You live, where Your power strengthens us, Your wisdom makes us wise and Your goodness keeps us good.

At times we may need to withdraw from our heavy workload and the noisy hallways, and silently lift up our hearts to You in prayer. Then alive with Your spirit may we face our daily tasks with new courage, faith and hope.

Bless our Missouri Supreme Court. Make it faithful in devotion to truth, great in desire for justice, strong in willingness to serve, and wise in its dealings. By doing Your will, may we bring satisfaction to our minds and joy to our hearts.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the nineteenth day was approved as corrected.

The Sergeant-at-Arms announced the approach of the Honorable Paul C. Wilson, Chief Justice of the Supreme Court of Missouri. Chief Justice Wilson was duly escorted to the House Chamber and to the Speaker's dais, where he delivered the following message to the Assembly in Joint Session.

STATE OF THE JUDICIARY
ADDRESS BY
CHIEF JUSTICE PAUL C. WILSON

Introduction

Speaker Plocher, Lieutenant Governor Kehoe, President Pro Tem Rowden, members of the 102nd General Assembly, statewide office holders, cabinet members and other executive branch officials: thank you for the opportunity to speak with you this morning.

Earlier this year, I had the privilege of speaking to a number of new legislators. It occurred to me, not for the first time, how incredibly difficult your role is. You come to this magnificent building with a lifetime of expertise and achievement in so many separate fields: education, law enforcement, agriculture, business and so many more. You gather from all these diverse backgrounds to take on a new challenge, to help manage one of the largest and most complex businesses there is … state government.

Of course, there is simply no way you can learn all there is to know about everything the government does … not in one year, or one term, or one lifetime. So, my job this morning is to try to describe for you the part of government I know best; to tell you who the judicial branch is and what we do.

You all know Government Relations Counsel Patricia Churchill, and Betsy AuBuchon, clerk of the Supreme Court, and you've been introduced to my six colleagues on that Court … but *we* are *not* the judiciary. Not even close.

The heart and hands of the judicial branch

No, the heart and the hands of the judicial branch are the 400 circuit and associate circuit judges around this state, and the 3,000 clerks, bailiffs, juvenile officers, juvenile detention staff, court reporters, commissioners and all the

rest who work, together, to resolve nearly 750,000 cases a year. When you add in all the full and part-time municipal judges and staff, the number of cases nearly doubles.

Together, day in and day out, *these* are the people who do the work of the judicial branch. And none of them work across the street in the Supreme Court building. Instead, they work in local courthouses across the state. They're your friends, your neighbors, and your constituents. The work they do is difficult, often taxing, and it requires them to handle a high volume of work without ever losing the compassion needed to serve their communities one case at a time. *They* are the judicial branch, and they do the work of one of the most important institutions we have.

That's why, to begin with, I want to thank all of you – on behalf of all 3,000 of our court employees – for the efforts you've made to increase their compensation, especially last year. They understand the importance of the work they do, but having pride in what you do just won't fill the gas tank or pay for child care, and it sure doesn't buy any groceries. That's why I join Governor Parson in asking that you pass the recommended cost-of-living adjustment in the FY23 supplemental budget.

This COLA will help make sure the ground these employees gained in recent years isn't lost to inflation. In addition, we are asking you to fund the overtime court clerks are already working to meet the unprecedented obligations imposed by the passage of Amendment 3 last fall.

It's simple: Courts resolve disputes

That's a little about who the judicial branch is, but what really matters is what do we do. We resolve disputes – period. Nearly a million and half times every year, courts apply the law to the facts to resolve the dispute in front of them. The law comes from the people in the form of the state and federal constitutions, and it comes from you in the form of the laws you write, and the local ordinances and administrative regulations you authorize. Judges apply this law to the facts to resolve the disputes brought to them. That's it. Lawyers like to make simple things sound complicated, but that's all we do – figure out the facts of each dispute – who did what to whom – and apply the law to resolve it. Being a judge isn't easy, but it's real simple.

What's so important about the justice system is not merely what we do, it's how much of it we do. And how essential it is to have one place in society where the law controls, where facts are proved with evidence, where truth matters, and where justice prevails.

The framers knew that, in a free society, there would be disputes – not only between citizens, but between citizens and their government, and between different parts of government. That's why our constitution provides for an independent judiciary – to resolve those disputes. The constitution empowers judges *not* because we're blessed with infallible wisdom (we aren't or, at least, I'm not), but because the framers understood the rule of law matters, *someone* must decide, and those decisions need to have the force and effect of law. The framers knew the only alternative was anarchy, and they were right.

Courts are able to fulfill this essential function because the people believe they do. The rule of law matters because the people believe it matters, and because they know the courts are there to defend it.

Now, what do I mean by the "rule of law"? Well, scholars have spent thousands of pages debating that question, but I don't think it's that complicated. Think about it this way: every one of us has pulled up to a blinking red stop light in the middle of the night … with perfect visibility and not another car in sight. We still stop …. Why? Because we believe so firmly in the rule of law we don't even consciously think about it.

If that belief falters, if we only follow the laws we agree with, or only when we want to, society won't be fit for any of us to live in. Everything we do depends on that public trust, and all of us have a stake in protecting and fostering it.

Here's another, more poignant example. Every Friday night, thousands and thousands of parents in this state shuttle their children across town to the custody of the other parent. Why? Because a judge told them they have to. They don't do it because they agree with it – they do it because they respect your laws and the courts that enforce them. Due process ensures these people have a right to be heard, but they know, when the judgment is final, that's it.

And it's not just family law. Missouri courts resolve thousands of disputes involving businesses and consumers every year. And both sides – those who prevail and those who don't – comply with those judgments. Not because they agree. One side – and sometimes both sides – can disagree with the court's judgment. But they comply because they believe in the rule of law and they know no one can do business – at all – without the system of laws you write and the judicial branch to enforce them.

Preserving public trust and confidence

If the public loses its trust in the judicial branch and the rule of law, if we return to the time when might makes right, when the mob rules whether you're *in* it or being chased *by* it, it will be because we – all of us in this room – failed in our duty to safeguard one of the essential institutions created by our constitution.

The Rules of Professional Conduct for lawyers spell this out clearly. Its preamble states: "A lawyer should further the public's understanding of and confidence in the rule of law and the justice system …. [L]egal institutions in a constitutional democracy depend on popular participation and support to maintain their authority."

But I'm telling you, lawyers and judges can't do it alone. We need your support. No one in this government has a more direct line of communication to the public than the 200 legislators in this room – our entire form of government is built on that simple fact. You are closer to the citizens of this state than anyone else. More than that, I believe no one has a greater interest than you do in upholding the public's trust in the judicial branch. We are the ones who apply and enforce the laws you write. So, when you speak to your constituents, remember how important it is for them – and you – to understand and trust your judicial system.

I doubt you agree with every decision the seven of us make, let alone the hundreds of thousands of decisions made every year by trial judges all around this state. I know I don't. So, if you want to tell your constituents you think we got it wrong, that's your right. But when you do, take a minute to explain that – even when you think we got it wrong – you know judges are just public servants like you … doing their best to decide cases based on the facts and their best understanding of the law … because I promise you that's true.

I know the judges in this state – I've spent most of my professional life working in front of and alongside them. As a lawyer, I won and lost. As a trial judge, I was affirmed and reversed. And, now, sometimes I'm in the majority and sometimes I'm in the dissent. But I have never met a single judge who didn't do their best to apply the law to the facts to decide each case. They are as committed to the rule of law as you would want them to be, and Missourians deserve to know that. So, I'm asking for your help in preserving and promoting the people's trust in the rule of law and their judicial system.

Technology is essential to making courts open and accessible

Of course, it takes more than education to foster and protect that trust. We work hard to ensure that those who bring or have cases brought against them are treated fairly and with respect, that their rights are protected, and that they understand what the court is doing and why.

One of the keys to making Missouri courts more open and accessible is the work we have done on court technology and automation. These innovations have not only revolutionized how we work, they've fundamentally changed how Missourians interact with their court system.

Today, most traffic cases can be resolved online. Our eJuror system makes more efficient use of citizens' time when they are called to provide this essential form of public service. Public terminals in every county courthouse, and even in your legislative library, give Missourians access to any public document in their case … or any case across the state. And, starting this July, we will begin making this same functionality available over the internet so Missourians can access public court documents when and where it's most convenient for them.

For years, remote video appearances were used mostly in early stages of criminal cases, to avoid the expense and security concerns of transporting defendants to and from jail unnecessarily. But, when the pandemic hit, suddenly these virtual appearances became a necessity for nearly every kind of case. Now, they are a permanent, indispensable part of the judicial landscape. They not only help make judges more efficient, they can make many court appearances more convenient for those we serve.

It is astounding how quickly a cutting-edge innovation becomes an essential part of what we do and how we do it. Things we couldn't imagine yesterday, people simply can't do without today. In recent years, you've supported this work by helping to stabilize the various funding streams for court automation, and this year brings another important step on that path.

The statute imposing a $7 filing fee for court automation, first enacted way back in 1994, is again up for renewal. Some of the funding for court automation comes from general revenue because the courts serve every Missourian every day, whether they have a case pending or not. Nevertheless, it is fair for those using the judicial system to pay a part of the costs of that system, and this $7 filing fee – which has *never* gone up in the 30 years we've had it – provides an essential part of the funding for an essential part of our work. I urge you – actually I'm begging you – to renew it this session.

The success of treatment courts

We can also strengthen the public's trust in the judicial system by working with you to find better, more just ways of resolving some of the disputes we see every day in courtrooms around the state. One of the best examples of this collaboration has been the way treatment courts respond to defendants with mental health and co-occurring substance use disorders.

Each treatment court success story means a prison term or a life-altering felony conviction avoided. It means strengthening our communities by helping one person at a time break the cycle of addiction before it lands them in prison. But even more important, every one of these success stories means a family restored, not shattered; a constructive life returned to society, not lost to incarceration; and – so many times – it means a parent who is there to play a meaningful role in their children's lives, not someone those kids see through a piece of plexiglass only once a month, if at all.

The return on investment you've made in treatment courts has exceeded every expectation, and the future is even brighter. Not only do treatment courts save money, they're a better and more just way of handling these offenses.

Impacts of the mental health crisis

But treatment courts can't solve every problem. Increasingly, Missouri courts are finding themselves on the front lines of a growing mental health crisis in this country. Too often, we are confronted with individuals manifesting mental health conditions so profound they are not even competent to stand trial. Police have to arrest them and prosecutors charge them – both to protect those defendants and the rest of us – but we can't proceed with their case. Medication, case management and treatment can often restore competency, but delays in getting defendants into traditional in-patient facilities leaves them – and our courts – stuck in limbo, unable to move forward or back.

This is why the Missouri Justice Reinvestment Initiative recommends you strengthen efforts to bring competency restoration services to the defendants where they are. By using mobile medication and case management teams – and by empowering local behavioral health clinicians – we can get more help, sooner, to those who need it; restore their competence; resolve the charges against them; and return them to their communities – and to community-based care – as soon as possible. Missouri courts are proud to be a part of this initiative, led by Corrections Director Precythe and Mental Health Director Huhn, and we strongly support this recommendation.

The mental health crisis is also creating problems for judges outside the courtroom. Violence and threats of violence toward judges and their families are increasing every day. When I spoke to you last year, I recited a frightening list of deadly attacks, both inside and outside Missouri. I won't repeat them.

But what I said last year is just as true today: We owe it to the those who serve in Missouri's judiciary not to wait until we learn – in the worst possible way – that we waited too long, and did too little. This session, you will be considering several bills aimed at protecting judges' private information, and I urge you to give them your most careful consideration.

Using judges as a resource

All of the things I've mentioned are things you can do to help courts perform better for all Missourians. But I urge you to use us as a resource as well. Just as we did in 2014, when you rewrote the criminal code, I believe we can help inform the decisions you make throughout the substantive law.

When you consider changes – whether to family law, landlord-tenant, debt collection, crimes and punishments, or any one of a hundred other areas of law you write – don't forget this: some of the men and women who know the *most* about those issues – and the important, often competing, rights involved – are the judges in your communities who hear those cases every day.

Judges know the constitution empowers *you* to write the substantive law, not us. But I'm hoping you will use them and their expertise to inform the decisions you make.

Conclusion

Soon, my turn as chief justice will come to an end – 142 days, but who's counting! So, if you'll allow me a point of personal privilege, I'd like to thank my wife Laura for all of her support, not only while I've been chief, but throughout my career. You'll never know what it cost her, and I ask you to help me thank her now.

I also want to take this opportunity to express how profoundly grateful I am for the opportunity to serve the people of this state as a member of their Supreme Court. Each of you, I'm sure, gets a thrill every time you walk into this magnificent chamber – the People's Chamber – and you feel a sense of obligation to fulfill the promises this great building represents.

The same is true for me. Every time I walk into the red brick building across the street, I am so very proud of our judicial system and the work it does. Every day, I'm reminded how incredibly fortunate I am to play a role in that work, and how thankful I am that I get to do it with colleagues I love and respect.

Last year, I had the great pleasure of introducing to you Judge Robin Ransom, our newest member. But, for every sunrise, there must be a sunset. This fall, we will lose two of our number to retirement. Combined, those two judges have served the people of this state for more than 70 years, first as trial judges, then on the court of appeals, and now on the Supreme Court. Both of them have dedicated their lives – not just to the work of the courts – but to the principles of access, fairness, and equal justice for all; principles that lie at the heart of our justice system. The courts have benefited immeasurably from their work, and we will miss them dearly.

Judge Patricia Breckenridge was unable to join us today, but the Honorable George W. Draper III is here. Please join me now in recognizing the lifetime of service both Judge Draper and Judge Breckenridge have given to this state and its people.

Judges – like legislators – come and we go. We're called, we serve, and we step aside. But the institutions in which we serve will go on. No player, no team is bigger than the game. The judicial branch goes on – the legislative and executive branches go on – this government "of the people, by the people and for the people" goes on. That's the strength, the miracle of our constitutional democracy.

So, look around this chamber and think of the millions of Missourians we are privileged to serve. Remember how incredibly precious that opportunity to serve is … and how fleeting it is. And remember, too, when each of us reaches the end of our service, none of us will be judged in isolation – on what we alone said or even did. No, we will all be judged, as we should be, collectively. On how well the government – the People's Government – worked. On how well it served them.

May God bless each of you. May God continue to bless the great State of Missouri. And, of course, may God bless Patrick Mahomes' right ankle! Thank you.

The Joint Session was dissolved by Senator O'Laughlin.

Speaker Plocher resumed the Chair.

On motion of Representative Patterson, the House recessed until 2:00 p.m.

commitments to the department of corrections shall not include an offender's first incarceration prior to release on probation under section 217.362 or 559.115. Other provisions of the law to the contrary notwithstanding, any offender who has been found guilty of a felony other than a dangerous felony as defined in section 556.061 and is committed to the department of corrections shall be required to serve the following minimum prison terms:

(1) If the offender has one previous prison commitment to the department of corrections for a felony offense, the minimum prison term which the offender must serve shall be forty percent of his or her sentence or until the offender attains seventy years of age, and has served at least thirty percent of the sentence imposed, whichever occurs first;

3. Other provisions of the law to the contrary notwithstanding, any offender who has been found guilty of a dangerous felony as defined in section 556.061 and is committed to the department of corrections shall be required to serve a minimum prison term of eighty-five percent of the sentence imposed by the court or until the offender attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

4. For the purpose of determining the minimum prison term to be served, the following calculations shall apply:

(1) A sentence of life shall be calculated to be thirty years;

(2) Any sentence either alone or in the aggregate with other consecutive sentences for offenses committed at or near the same time which is over seventy-five years shall be calculated to be seventy-five years.

6. **[**~~An offender who was convicted of, or pled guilty to, a felony offense other than those offenses listed in subsection 2 of this section prior to August 28, 2019, shall no longer be subject to the minimum prison term provisions under subsection 2 of this section, and shall be eligible for parole, conditional release, or other early release by the department of corrections according to the rules and regulations of the department.~~

~~7.~~**]** (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members shall be appointed to a four-year term. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.

(2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for offenders convicted of the same or similar offenses and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor, if sentences are comparable to other states, if the length of the sentence is appropriate, and the rate of rehabilitation based on sentence. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.

(3) The commission shall study alternative sentences, prison work programs, work release, home-based incarceration, probation and parole options, and any other programs and report the feasibility of these options in Missouri.

(4) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.

(5) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.

(6) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.

[~~8.~~**] 7.** Courts shall retain discretion to lower or exceed the sentence recommended by the commission as otherwise allowable by law, and to order restorative justice methods, when applicable.

[~~9.~~**] 8.** If the imposition or execution of a sentence is suspended, the court may order any or all of the following restorative justice methods, or any other method that the court finds just or appropriate:

(1) Restitution to any victim or a statutorily created fund for costs incurred as a result of the offender's actions;

(2) Offender treatment programs;

(3) Mandatory community service;

(4) Work release programs in local facilities; and

(5) Community-based residential and nonresidential programs.

[~~10.~~**] 9.** Pursuant to subdivision (1) of subsection **[**~~9~~**] 8** of this section, the court may order the assessment and payment of a designated amount of restitution to a county law enforcement restitution fund established by the county commission pursuant to section 50.565. Such contribution shall not exceed three hundred dollars for any charged offense. Any restitution moneys deposited into the county law enforcement restitution fund pursuant to this section shall only be expended pursuant to the provisions of section 50.565.

[~~11.~~**] 10.** A judge may order payment to a restitution fund only if such fund had been created by ordinance or resolution of a county of the state of Missouri prior to sentencing. A judge shall not have any direct supervisory authority or administrative control over any fund to which the judge is ordering a person to make payment.

[~~12.~~**] 11.** A person who fails to make a payment to a county law enforcement restitution fund may not have his or her probation revoked solely for failing to make such payment unless the judge, after evidentiary hearing, makes a finding supported by a preponderance of the evidence that the person either willfully refused to make the payment or that the person willfully, intentionally, and purposefully failed to make sufficient bona fide efforts to acquire the resources to pay.

[~~13.~~**] 12.** Nothing in this section shall be construed to allow the sentencing advisory commission to issue recommended sentences in specific cases pending in the courts of this state.

558.043. Notwithstanding any other provision of law, in sentencing a person convicted of an offense for which there is a statutory minimum sentence or a minimum prison term required by section 558.019 but that did not:

(1) Include the use, attempted use, or threatened use of serious physical force by the defendant against another person or result in the serious physical injury of another person by the defendant;

(2) Involve any sexual offense by the defendant against a minor other than an offense involving sexual contact if the victim was fourteen years of age or older and the defendant was not more than four years older than the victim and the sexual contact was consensual; or

(3) Include the brandishing or discharge of a firearm by the defendant,

the court may depart from the applicable statutory minimum sentence or minimum prison term required by section 558.019 if the court finds substantial and compelling reasons on the record that, giving due regard to the nature of the offense, the history and character of the defendant, and his or her chances of successful rehabilitation, imposition of the statutory minimum sentence or minimum prison term required by section 558.019 would result in substantial injustice to the defendant or is not necessary for the protection of the public."; and

Notwithstanding any provision of law, all circuit and associate circuit courts shall offer and utilize a drug treatment court program to address a substance use disorder prior to a defendant entering a plea in court. The judge shall have discretion to determine on a case-by-case basis whether a defendant qualifies for the treatment court program.**

2. After completion of the treatment court program under subsection 1 of this section, any pending charges against the defendant for the criminal case requiring treatment by the treatment court program shall be dismissed; however, the defendant shall be required to pay any associated costs prior to the dismissal of the charges.

3. This section shall apply if there is a nexus to a drug offense and only to misdemeanants or first-time felony offenders; except that, this section shall not apply to sexual offenses or to dangerous felonies as defined in section 556.061.

478.004. 1. The treatment court team shall, when practicable, conduct a meeting prior to each treatment court session to discuss and provide updated information regarding the treatment court participant. After determining his or her progress or lack thereof, the treatment court team shall consider the appropriate incentive or sanction to be applied, and the court shall make the final decision based on information presented in the meeting.

2. In any criminal case in the circuit, if it is determined that the defendant meets the criteria for eligibility in the treatment court, the judge presiding over the criminal case may order the defendant to the treatment court division for treatment:

(1) Prior to the entry of the sentence, excluding suspended imposition of sentence (SIS), if the prosecuting attorney consents;

The transfer may occur at any time during the proceedings including, but not limited to, prior to adjudication and during periods when the participant is on probation. The receiving court shall have jurisdiction to impose a sentence including, but not limited to, sanctions, incentives, incarceration, and phase changes. (2) The judge or commissioner of the transferring court; and

(3) The judge or commissioner of the receiving treatment court.

If the defendant assigned to treatment court is terminated from the treatment court, the case shall be returned to the transferring court for disposition.

4. If a treatment court participant requires treatment for opioid or other substance misuse or dependence, a treatment court shall not prohibit such participant from participating in and receiving medication-assisted treatment under the care of a physician licensed in this state to practice medicine. A treatment court participant shall not be required to refrain from using medication-assisted treatment as a term or condition of successful completion of the treatment court program.

5. A treatment court participant assigned to a treatment program for opioid or other substance misuse or dependence shall not be in violation of the terms or conditions of the treatment court on the basis of his or her participation in medication-assisted treatment under the care of a physician licensed in this state to practice medicine."; and"; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

TWENTY-FIRST DAY, THURSDAY, FEBRUARY 9, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"He who is of God hears the words of God." (John 8:47)

O Ancient God, whose strength supports us in our labor and whose spirit sustains us in our work, give us a new and a fresh realization of Your presence as we wait upon You in prayer in the People's House.

Grant us patience when we demand too much too soon and decisions do not go our way, courage in the face of apparent defeat that we may still believe in the ultimate victory and the betterment of all, and love when we falter in fear and fail in faithfulness that we may have the steady assurance that, like a great Chief, You are with us and strengthening us for every Super endeavor by pouring upon us a Bowl of blessings!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twentieth day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

TWENTY-SECOND DAY, MONDAY, FEBRUARY 13, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Adam Schwadron.

Blessed are You, Lord our God, ruler of the universe, Who has given us life, sustained us, and enabled us to reach this moment. We are grateful to be able to gather together in this chamber to serve Your people and advance Your purposes.

We ask for Your wisdom and understanding, so that we may make fair and just laws that reflect Your values and bring blessings to all Your children. Help us to be humble and selfless in our service, putting aside personal interests for the good of the community.

May Your spirit of justice, righteousness, and compassion guide us as we deliberate, so that our decisions may reflect Your will and bring peace and prosperity to our land.

To everyone here and throughout our great state. May the Lord bless you and keep you, may the Lord's countenance shine upon you and be gracious to you. May the Lord lift his face unto you and give you peace.

And together the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-first day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

TWENTY-THIRD DAY, TUESDAY, FEBRUARY 14, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"To this end we toil and strive, because we have our hope set on the living God." (I Timothy 4:10)

Great God, our King on this St. Valentine's Day, who has called us to walk in Your way and to live with love in our hearts, grant unto us the blessed assurance that although we may forget You, You do not forget us, and that notwithstanding the fact we let You down, You never let us down. May Your spirit abide in us through all our changing moods and sustain us in every effort.

Bless our Missouri young people. Strengthen them that they may have full beliefs for the rights of all their peers. Help them to use their freedom to discover in themselves their very best, to find creative channels for their restless energy, and to live and love for solid relationships at home, school and work.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-second day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

TWENTY-FOURTH DAY, WEDNESDAY, FEBRUARY 15, 2023

The House met pursuant to adjournment.

Speaker Pro Tem Henderson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man." (Ecclesiastes 12:13)

O Creator who has made us and gives us this morning as a gift, we bow in Your presence at the beginning of another day to offer You the devotion of our hearts. Grant each one of us resources of spiritual power that we may not be overcome by stress but rising above it to make each day a triumph. Make us such radiant personalities and so filled with good will that we may commend to the world the faith we profess.

We pray for our citizens that they may grow in a sense of co-responsibility that may challenge us to be good stewards of our state.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Saej Bader, Madelyn Barbagallo, Emma Breier, Elizabeth Dalton, Grace Lowery, Halayna Loyd, Kirstyn Loyd, Maclayne McPeters, Grace Neels, Isabella Price, Avery Richardson, Ava Roth, Paige Siebert, Megan Wood, Margaret Wrigley, and Jase Berry.

INTRODUCTION OF HOUSE CONCURRENT RESOLUTIONS

Representative Butz introduced **HCR 18**, which was read the first time and copies ordered printed.

HOUSE CONCURRENT RESOLUTION NO. 18

Relating to the national day of the cowboy.

WHEREAS, Missouri's pioneering men and women, known as cowboys, helped establish America's frontier; and

WHEREAS, the first large-scale effort to drive cattle from Texas to the nearest railhead for shipment to Chicago occurred in 1866, when many Texas ranchers banded together to drive their cattle to the closest point that railroad tracks reached, which at that time was Sedalia, Missouri, now known as the Trail's End in Sedalia, Missouri; and

WHEREAS, the Kansas City Stockyards were established in 1871 in the West Bottoms, west of downtown Kansas City, and flourished until closing in 1991. The stockyards were built around the facilities of the Central Overland California and Pike's Peak Express Company, which had outfitted travelers on the Santa Fe Trail and Oregon Trail following the Kansas River. The company went out of business in 1862 following the failure of its Pony Express business from St. Joseph, Missouri, to Sacramento, California; and

WHEREAS, the stockyards and Hereford breeders began the American Royal Livestock and Horse Show in October of 1899 as the National Hereford Show, the first nationwide show for the exposition and sale of purebred cattle. In 1907, the first American Royal Horse Show was added and now includes five different shows, known as the Quarter Horse Show, the Hunter-Jumper Horse Show, the Arabian Horse Show, the Youth Horse Show, and the Cutting Horse Show. The American Royal is an annual eight-week season of barbecue competitions, rodeos, livestock shows, equestrian events, and agricultural activities benefitting youth and education; and

WHEREAS, in 1926, the American Royal began inviting vocational agriculture students to judge the livestock shows. During the 1928 American Royal, 33 of the students meeting at the Baltimore Hotel in downtown Kansas City formed the Future Farmers of America. Now, the National FFA Organization has 850,823 members; and

WHEREAS, the cowboy archetype transcends gender, generations, ethnicity, geographic boundaries, and political affiliations; and

WHEREAS, the cowboy embodies honesty, integrity, courage, compassion, and determination; and

WHEREAS, the cowboy vaquero spirit exemplifies patriotism and strength of character and is an excellent steward of the land and its creatures; and

WHEREAS, the core values expressed within the Cowboy Code of Conduct continue to inspire the pursuit of the highest caliber of personal integrity; and

WHEREAS, cowboy and ranching traditions have been part of the American landscape and culture since 1523, and today's cowboys continue to strive to preserve and perpetuate this unique element of America's heritage; and

WHEREAS, membership and participation in the National Day of the Cowboy Organization and other organizations that encompass the livelihood of the cowboy continue to expand both nationally and internationally; and

WHEREAS, the cowboy and his horse are a central figure in literature, art, film, poetry, photography, and music; and

WHEREAS, the cowboy is a true American icon occupying a central place in the public's imagination:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the One Hundred Second General Assembly, First Regular Session, the Senate concurring therein, hereby designate the fourth Saturday in July each year as "National Day of the Cowboy" in Missouri; and

NOW THEREFORE BE IT RESOLVED that the General Assembly recommends to the citizens to observe the day with appropriate ceremonies and activities; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

TWENTY-FIFTH DAY, THURSDAY, FEBRUARY 16, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Give ear, O Lord, unto my prayer; and attend to the voice of my supplications." (Psalm 86:6)

Bless us this day our mighty God with a fresh realization of Your presence, and strengthen us to face our tasks with freedom's holy light. As we meet this morning in the People's House, guide our lives that they may be granted with your graces in the struggle to always choose what is good and right. Grant us wisdom; grant us courage that we do not fail You or our citizens.

Help us to keep our minds clear, our hearts clean, and our spirits confident. May we live so honestly and so hopefully that no political disputes may discourage us, no failure cause us to fear, and no falsehood make us liars to ourselves, to others, or to You in this land of the noble free.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Mason Kempker.

The Journal of the twenty-third day was approved as printed by the following vote:

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"They that wait upon the Lord shall renew their strength; they shall walk and not faint." (Isaiah 40:31)

Eternal God of us all, as we live through the hours of this day may we be humble in spirit, helpful in attitude, faithful in service, and fruitful in all good legislation.

Deliver us from worries that wear us out, from resentments that tear us down, and from frustrations that weaken our morale. Help us to realize that though life may have for us many difficulties and some disagreements, we must not allow difficulties to become too discouraging, nor permit disagreements to make us too disagreeable, and certainly never allow them to weaken our faith or lower our ideals.

Grant wisdom and courage to our Representatives and those who work diligently with them as they set themselves to solve the problems that confront our show me state.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-fifth day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

TWENTY-SEVENTH DAY, WEDNESDAY, FEBRUARY 22, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap." (Galatians 6:7)

Our Heavenly Creator, grant to us once again the assurance of Your sustaining presence as we bow in this House chamber in prayer on this Ash Wednesday. Inspire us with a firmer trust in You and with a sympathetic outreach toward all the citizens of Missouri, especially the poor and elderly.

Give to each one of us the realization that Your power is at work in this building moving in the direction of justice, peace, and love among all here and in the hearts of all people. You are always with us – help us to always be with You.

Bless our state with Your favor and as a representative of our citizens, make us mindful of Your presence and ever eager to do Your will until our last breath.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-sixth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

TWENTY-EIGHTH DAY, THURSDAY, FEBRUARY 23, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"My defense is of God, who saveth the upright in heart." (Psalm 7:10)

O God, who is a strong tower of defense to those who put their trust in You, have mercy upon us as we bow in prayer before You and prepare us for the experiences of this day. Grant that in moments of bad moods or good moods we may keep our faith in You, in whom alone true life is to be found.

Forgive the ways of intolerance we have sometimes shown when others differed from us, the envy we have revealed when some have received what we thought we deserved, and the jealousy generated at the success of others. May we pray not only to be forgiven but to learn to be forgiving in the People's House.

Amid the perplexities of these modern times may we always remember to be kind and generous, understanding and upright in heart, knowing that those who live in Your spirit and who keep Your commandments are walking in the way of truth and love – the very best defenses our state of Missouri can ever have.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

TWENTY-NINTH DAY, MONDAY, FEBRUARY 27, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative John Black.

We were told, in 1776, that governments are instituted among men to secure rights ENDOWED by the CREATOR: those rights life, liberty and the pursuit of happiness;

Here, in this magnificent chamber, we daily pledge, under God, the Creator, our allegiance to this nation, with liberty, and justice for all;

3000 years earlier, the leader to the people of Israel, as recorded in the Holy Book, directed the people to Choose, whether to serve the Lord, or serve the gods in the lands in which they were living.

And so, we pray for the wisdom to Choose, under the God who endows, and not the gods of the land in which we dwell, to the task of securing those rights of life, liberty and the pursuit of happiness, to the people of the state of Missouri.

(Joshua 24:14-15)

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-eighth day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

THIRTIETH DAY, TUESDAY, FEBRUARY 28, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"He that giveth, let him do it with simplicity; he that ruleth with diligence; he that showeth mercy with cheerfulness." (Romans 12:8)

O God, our Protector, in whose love is our life, in whose service is our strength, and in whose will is our work, grant us increasing strength that we may work unceasingly for the benefit of our great state and the wellbeing of our citizens.

Save us from discord and disunity, from pride and prejudice, from vice and violence. Fashion us into a people united in purpose so to promote justice and freedom.

May the spirit of wisdom live in all our hearts and minds so we may make political decisions daringly, plan procedures patiently, and live with love and light in our lives and votes.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-ninth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

THIRTY-FIRST DAY, WEDNESDAY, MARCH 1, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"God has not given us the spirit of fear; but of power, and of love, and of a sound mind." (II Timothy 1:7)

Most Gracious and Loving God of ancient times, the strength of all who put their trust in You and the light of those who walk in Your ways, make us truly conscious of Your presence as we enter this new legislative day fresh from Your creative hands. Grant that in the stress and strain of these busy hours we may never lose heart or hope.

We pray that the members of this House of Representatives may be so abundantly blessed with the strengthening presence of Your power as they debate earnestly for good legislation in our chamber.

In all our endeavors, on behalf of our citizens, may we be ever mindful that our highest resources are eternal, built upon the foundations of justice, righteousness, and charity. May we build our lives together during this Women's History Month.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

"Employer" shall not include the state of Missouri or its agencies, instrumentalities, or political subdivisions, including but not limited to any public institution of higher education, a corporation wholly owned by the state of Missouri, an individual employed by an employer, or corporations and associations owned or operated by religious or sectarian organizations**, except that "employer" shall include law enforcement agencies**;

(3) "Proper authorities", a governmental or law enforcement agency, an officer of an employee's employer, the employee's supervisor employed by the employer, or the employee's human resources representative employed by the employer;

(4) "Protected person", an employee of an employer who has reported to the proper authorities an unlawful act of his or her employer; an employee of an employer who reports to his or her employer serious misconduct of the employer that violates a clear mandate of public policy as articulated in a constitutional provision, statute, or regulation promulgated under statute; or an employee of an employer who has refused to carry out a directive issued by his or her employer that if completed would be a violation of the law. An employee of an employer is not a protected person if:

(a) The employee is a supervisory, managerial, or executive employee or an officer of his or her employer and the unlawful act or serious misconduct reported concerns matters upon which the employee is employed to report or provide professional opinion; or

(b) The proper authority or person to whom the employee makes his or her report is the person whom the employee claims to have committed the unlawful act or violation of a clear mandate of public policy;

(5) "The motivating factor", the employee's protected classification actually played a role in the adverse decision or action and had a determinative influence on the adverse decision or action.

3. This section is intended to codify the existing common law exceptions to the at-will employment doctrine and to limit their future expansion by the courts. This section, in addition to chapter 213 and chapter 287, shall provide the exclusive remedy for any and all claims of unlawful employment practices.

4. It shall be an unlawful employment practice for an employer to discharge an individual defined as a protected person in this section because of that person's status as a protected person.

5. A protected person aggrieved by a violation of this section shall have a private right of action for actual damages for violations of this section but not for punitive damages. However, if a private right of action for damages exists under another statutory or regulatory scheme, whether under state or federal law, no private right of action shall exist under this statute.

6. Any party to any action initiated under this section may demand a trial by jury.

7. A protected person aggrieved by a violation of this section shall have a private right of action that may be filed in a court of competent jurisdiction. The only remedies available in such an action shall be:

(1) Back pay;

(2) Reimbursement of medical bills directly related to a violation of this section; and

(3) Additionally, if a protected person proves, by clear and convincing evidence, that the conduct of the employer was outrageous because of the employer's evil motive or reckless indifference to the rights of others, then, such person may receive double the amount awarded under subdivisions (1) and (2) of this subsection, as liquidated damages. In applying this subdivision, the provisions of section 510.263 shall be applied as though liquidated damages were punitive damages and as though the amounts referenced in subdivisions (1) and (2) of this subsection were compensatory damages.

8. The court, in addition to the damages set forth in subsection 7 of this section, may award the prevailing party court costs and reasonable attorney fees; except that a prevailing respondent may be awarded reasonable attorney fees only upon a showing that the case was without foundation."; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

THIRTY-SECOND DAY, THURSDAY, MARCH 2, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"By grace you have been saved through faith, and this is not your own doing it is the gift of God." (Ephesians 2:8)

Our God in heaven, in whom we live, move and have our being, let our tongues awake as we humbly pray that You guide and govern us; so by Your spirit, that in all the votes and meetings of these hours, we may never forget that You are with us.

Lead us in the paths of light because, blindly, we stumble when we walk alone. Only with You do we journey safely on for the benefit of all in the show me state.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-first day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

THIRTY-THIRD DAY, MONDAY, MARCH 6, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Dirk Deaton.

Almighty God, Creator of all things, we the members of the Missouri House of Representatives beseech You at this hour for guidance and wisdom. We are weak, but Thou art strong, so Lord, we pray the will of this body would align with Your sovereign will.

While we speak of "liberty" and "freedom" on this hallowed floor as it relates to our temporal existence, may we come to know the truest form of liberty and freedom that is found in You. A freedom and liberty that is eternal and secured by Your sovereign hand.

While we take great joy in meeting one another on this floor, by Your grace, may we one day meet again in that City where the Lamb is the light.

And the House says, "Amen."

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-second day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

THIRTY-FOURTH DAY, TUESDAY, MARCH 7, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"I must work the works of Him that sent Me, while it is day." (John 9:4)

O God of Heaven and our Creator, inspire the thoughts of our hearts by the inspiration of Your Holy Spirit that we may truly love You and worthily serve You this day in the People's House.

May our hearts be with You as we seek answers to the political problems that perplex us at this time.

In this dear show me state, help us to create a true unity of spirit in this House so that the heritage of freedom, with liberty and justice for all, will always be our goal.

Then make us humble enough in spirit that we may be equal to every great experience, ready for every greater responsibility, and adequate for every greatest activity.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-third day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

THIRTY-FIFTH DAY, WEDNESDAY, MARCH 8, 2023

The House met pursuant to adjournment.

Representative Hudson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"The Lord thy God bless thee in all the work of thine hand which thou doest." (Deuteronomy 14:29)

O Lord, our God, whose glory is in all the world and whose goodness shines in all that is true, we commit ourselves and our chamber to Your merciful care.

Grant that the work of this day may be in accordance with Your holy will. Give to us health of body, clarity of mind and strength of spirit that we may do what we have to do with all our hearts and minds.

Deliver us from the fear that destroys, from the stress that deadens, and from the frustration that discourages us. Help us to work together to make our dreams come true and to dream to make our work worth doing!

Keep our Missouri strong. Let us walk and work humbly together. May we have faith that Your glory shall be revealed in every word and vote we offer for our citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Charlie Smith.

The Journal of the thirty-fourth day was approved as printed by the following vote:

542.408. 1. Each application for an order authorizing or approving the interception of a wire **or electronic** communication shall be made in writing and shall be submitted to the attorney general for his review and approval. If the attorney general approves the application, he shall join such application, which shall be submitted upon oath or affirmation to a court of competent jurisdiction and shall state the applicant's authority to make such application. Each application shall include the following information:

(1) The identity of the prosecuting attorney making the application together with the identities of the law enforcement agency or agencies that are to conduct the interception;

(2) A full and complete statement of the facts and circumstances relied upon by the applicant to justify his belief that an order should be issued, including:

(a) Details as to the particular offense that has been, is being, or is about to be committed;

(b) A particular description of the nature and location of the facilities from which or the place where the communication is to be intercepted;

(c) A particular description of the type of communications sought to be intercepted; and

(d) The identity of the person and employment, if known, committing the offense and whose communications are to be intercepted;

(e) That the application is sought solely for detection of the crimes enumerated in section 542.404;

(3) A full and complete statement as to whether other investigative procedures have been tried and failed, or why they reasonably appear to be unlikely to succeed if tried, or to be too dangerous;

(4) A statement of the period of time for which the interception is required to be maintained. If the nature of the investigation is such that the authorization for the interception should not automatically terminate when the described type of communication has been first obtained, a particular description of facts establishing probable cause to believe that additional communications of the same type will occur thereafter;

(5) A full and complete statement of the facts concerning all previous applications known or available to the individual authorizing and making the application, made to any court for authorization to intercept, or for approval of interceptions of, wire **or electronic** communications involving any of the same persons, facilities or places specified in the application, and the action taken by the court on each such application;

(6) Where the application is for the extension of an order, a statement setting forth the results thus far obtained from the interception, or an explanation of the failure to obtain such results; and

(7) A statement that adequate resources are available to perform the interception and the estimated number of persons required to accomplish the interception.

2. The court may require the applicant to furnish additional testimony or documentary evidence in support of the application.

3. Upon such application the court may enter an ex parte order, as requested or as modified, authorizing or approving interception of wire **or electronic** communications within the territorial jurisdiction of the court, if the court determines on the basis of the facts submitted by the applicant that:

(1) Probable cause exists to believe that an individual is committing, has committed, or is about to commit a particular offense enumerated in section 542.404;

(2) Probable cause exists to believe that particular communications concerning that offense will be obtained through such interception;

(3) Normal investigative procedures have been tried and have failed or reasonably appear to be unlikely to succeed if tried or to be too dangerous; and

(4) Probable cause exists to believe that the facilities from which, or the place where, the wire **or electronic** communications are to be intercepted are being used, or are about to be used, in connection with the commission of such offense, or are leased to, listed in the name of, or commonly used by such person.

4. Each order authorizing or approving the interception of any wire **or electronic** communication shall specify:

(1) The identity of the person and employment, if known, whose communications are to be intercepted;

(2) The nature and location of the communication facilities as to which, or the place where, authority to intercept is granted including whether the interception involves a cellular or other wireless device;

(3) A particular description of the type of communication sought to be intercepted, and a statement of the particular offense to which it relates;

(4) The identity of the agency authorized to intercept the communications, and of the person authorizing the application;

(5) The period of time during which such interception is authorized, including a statement as to whether or not the interception shall automatically terminate when the described communication has been first obtained.

5. No order entered under this section may authorize or approve the interception of any wire **or electronic** communication for any period longer than is necessary to achieve the objective of the authorization, nor in any event longer than thirty days. Extensions of an order may be granted, but only upon application for an extension made in accordance with subsection 1 of this section and the court making the findings required by subsection 3 of this section. The period of extension shall be no longer than the court deems necessary to achieve the purposes for which it was granted and in no event longer than thirty days. Every order and extension thereof shall contain a provision that the authorization to intercept shall be executed as soon as practicable, shall be conducted in such a way as to minimize the interception of communications not otherwise subject to interception under sections 542.400 to 542.422, and shall terminate upon attainment of the authorized objective, or in any event in thirty days.

6. Whenever an order authorizing interception is entered pursuant to the provisions of sections 542.400 to 542.422, the order may require reports to be made to the court who issued the order showing what progress has been made toward achievement of the authorized objective and the need for continued interception. Such reports shall be made at such intervals as the court may require, but in no case longer than thirty days.

7. Notwithstanding any other provisions of sections 542.400 to 542.422, any law enforcement officer with the approval of the prosecuting attorney may request an order of an appropriate court whenever reasonable grounds therefor exist to have a pen register placed in effect, which pen register will only determine the phone number to which the call is placed.

8. Notwithstanding any other provision of law to the contrary, communication common carriers, and their officers, employees and agents, may provide information, facilities or technical assistance to persons authorized by law to intercept wire **or electronic** communications, if the communication common carrier, its officers, employees or agents have been provided with a court order directing such assistance signed by the authorizing court. The court order shall set forth the period of time during which the provision of the information, facilities or technical assistance is authorized and specifying the information, facilities, or technical assistance required. No cause of action shall lie in any court against any communication common carrier, its officers, employees, and agents for providing information, facilities or assistance in accordance with the terms of an order under this subsection. Any communication common carrier furnishing such facilities or technical assistance shall be compensated therefor by the prosecuting attorney at the prevailing rates.

542.410. 1. The contents of any wire communication intercepted by any means authorized by sections 542.400 to 542.422 shall be recorded on tape or wire or other comparable device. The recording of the contents of any wire**, electronic,** or oral communication as required by this section shall be done in such way as will protect the recording from editing or other alterations. Immediately upon the expiration of the period of the order, or extensions

thereof, such recordings shall be made available to the court issuing such order and shall be sealed under its directions. Custody of the recordings shall be wherever the court orders. The recordings shall not be destroyed except upon an order of the issuing court and in any event shall be kept for ten years. Duplicate recordings shall be made for use for disclosure pursuant to the provisions of subsections 1 and 2 of section 542.406 for investigations and discovery in accordance with applicable supreme court rules. The presence of the seal provided for by subsection 2 of this section, or a satisfactory explanation for the absence thereof, shall be a prerequisite for the use or disclosure of the contents of any wire **or electronic** communication or evidence derived therefrom under the provisions of subsection 3 of section 542.406.

2. Applications made and orders granted under sections 542.400 to 542.422 shall be sealed by the court. Custody of the applications and orders shall be wherever the court directs. Such applications and orders shall be disclosed only upon a showing of good cause before a court of competent jurisdiction and shall not be destroyed except on order of the issuing or denying court, and in any event shall be kept for ten years.

3. Any violation of the provisions of this section shall be punishable as a class A misdemeanor.

4. Within a reasonable time but not later than ninety days after the filing of an application for an order of approval under the provisions of sections 542.400 to 542.422 or the termination of the period of an order or extensions thereof, whichever is later, the issuing or denying court shall cause to be served, on the persons named in the order or the application, and such other parties to intercepted communications an inventory which shall include notice of:

(1) The fact of the entry of the order or the application;

(2) The date of the entry and the period of authorized, approved interception;

(3) The fact that during the period oral communications were or were not intercepted; and

(4) The nature of said conversations.

The court, upon the filing of a motion, shall make available to such person or his counsel for inspection and copying such intercepted communications, applications and orders.

542.412. 1. The contents of any intercepted wire **or electronic** communications or evidence derived therefrom shall not be received in evidence or otherwise disclosed in any trial, hearing, or other proceeding in federal or state court nor in any administrative proceeding unless each party, in compliance with supreme court rules relating to discovery in criminal cases, hearings and proceedings, has been furnished with a copy of the court order and accompanying application under which the interception was authorized or approved and a transcript of any intercepted wire **or electronic** communication or evidence derived therefrom.

2. If the defense in its request designates material or information not in the possession or control of the state, but which is, in fact, in the possession or control of other governmental personnel, the state shall use diligence and make good faith efforts to cause such materials to be made available to the defendant's counsel, and if the state's efforts are unsuccessful and such material or other governmental personnel are subject to the jurisdiction of the court, the court, upon request, shall issue suitable subpoenas or orders to cause such material or information to be made available to the state for disclosure to the defense.

542.414. 1. Any aggrieved person in any trial, hearing, or proceeding in or before any court, department, officer, agency, regulatory body, or other authority of the United States, the state, or a political subdivision thereof, may move to suppress the contents of any intercepted wire **or electronic** communication, or evidence derived therefrom, on the grounds that:

(1) The communication was unlawfully intercepted;

(2) The order of authorization or approval under which it was intercepted is insufficient on its face;

(3) The interception was not made in conformity with the order of authorization or approval; or

(4) The communication was intercepted in violation of the provisions of the Constitution of the United States or the state of Missouri or in violation of a state statute.

Such motion shall be made before the trial, hearing, or proceeding unless there was no reasonable opportunity to make such motion or the person was not aware of the existence of grounds for the motion. If the motion is granted, the contents of the intercepted wire **or electronic** communication, or evidence derived therefrom or the contents of any communication intercepted as a result of any extension of the original order authorizing or approving the interception of wire **or electronic** communication, and any evidence derived therefrom, shall be treated as having been obtained in violation of sections 542.400 to 542.422.

2. In addition to any other right to appeal, the state shall have the right to appeal from an order granting a motion to suppress made under subsection 1 of this section if the prosecuting attorney shall certify to the court or other official granting such motion that the appeal be taken within thirty days after the date the order was entered and shall be diligently prosecuted.

542.416. 1. Within thirty days after the expiration of an order or each extension thereof entered pursuant to the provisions of section 542.408, the issuing court shall report to the state courts administrator:

Such report shall include a summary and analysis of the data required to be filed with the state courts administrator by subsections 1 and 2 of this section. The state courts administrator may promulgate rules and regulations dealing with the content and form of the reports required to be filed by subsections 1 and 2 of this section.

542.418. 1. The contents of any wire **or electronic** communication or evidence derived therefrom shall not be received in evidence or otherwise disclosed in any civil or administrative proceeding, except in civil actions brought pursuant to this section.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

THIRTY-EIGHTH DAY, MONDAY, MARCH 20, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Ben Baker.

Let us pray.

Father, we pause for a few moments before we begin the business of the day to reflect on You. Thank You for bringing us back together, and thank You for yet another day You have given us to live and to serve You.

As we deliberate the issues of the day let us be wise as serpents and harmless as doves. Give us grace to accommodate the diversity of thought and ideas within this body and represent not only the people we serve but You as the author and creator of all things.

Remind us of the importance of being bold to articulate principles and ideas, but with meekness to realize that we are imperfect and flawed.

Convict us, O Lord, of the value of truth, Challenge us to pursue the truth and to stand by it, and Strengthen us with a resolve to honor You in all we do and say this day.

Finally, Lord, as we labor to serve, help us to remember to "Not be weary in well-doing, for in due season we will reap if we faint not."

In Jesus's name we pray, "Amen."

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Lily Murphy and Josie Murphy.

The Journal of the thirty-sixth day was approved as corrected.

The Journal of the thirty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

THIRTY-NINTH DAY, TUESDAY, MARCH 21, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Beloved, follow. Not that which is evil, but that which is good. He that doeth good is of God." (III John 1:11)

O God who hears every prayer and answers them according to Your wisdom, to You we come in this silent moment of quiet devotion. We humble ourselves in Your presence confessing that we have done that we should not to have done and left undone that which we should have done. Have mercy upon us, forgive us and send us out into this day with creative minds to think clearly, with hearts warm with compassion, and with hands ready to serve You more fully and our state more efficiently.

Help us to bridge the problems which separate us, to heal the wounds which infect our life, to foster unity among our citizens, and to promote cooperation between the divisions in our chamber.

Breathe upon us Your spirit, reveal to us Your ways, and then give us courage to walk in the glory of Your Holy Name.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-eighth day was approved as printed by the following vote:

WHEREAS, once his identity was confirmed, the suspect backed away from the officers, drew a handgun, and began firing at the officers, neither of whom had drawn their weapons; and

(4) "Residential care facility", any residential care facility required to be licensed under sections 210.481 to 210.536, or a similar facility.

2. This section shall apply only to a child who is admitted to programs or facilities of the department of mental health or whose domicile is in one school district in Missouri but whose residence is in another school district in Missouri as a result of placement arranged by or approved by the department of mental health or the department of social services or placement arranged by or ordered by a court of competent jurisdiction.

3. For purposes of calculating state aid payments under sections 163.011 and 163.031 and receiving federal aid, a nonresident pupil shall continue to be included in the enrollment of the school district in which such nonresident pupil was domiciled prior to being placed in a residential care facility.

4. Any educational costs incurred by a residential care facility that are not remitted under this section may be reimbursed as provided in section 167.126.

5. Educational costs incurred by a residential care facility for a child who was not enrolled in a school district in Missouri at the time the child was admitted to such residential care facility shall be reimbursed as provided in section 167.126.

167.019. 1. A child-placing agency, as defined under section 210.481, shall promote educational stability for foster care children by considering the child's school attendance area when making placement decisions. The foster care pupil shall have the right to remain enrolled in and attend his or her school of origin pending resolution of school placement disputes or to return to a previously attended school in an adjacent district.

2. Each school district shall accept for credit full or partial course work satisfactorily completed by a pupil while attending a public school, nonpublic school, or nonsectarian school in accordance with district policies or regulations.

3. If a pupil completes the graduation requirements of his or her school district of residence while under the jurisdiction of the juvenile court as described in chapter 211, the school district of residence shall issue a diploma to the pupil.

4. School districts shall ensure that if a pupil in foster care is absent from school due to a decision to change the placement of a pupil made by a court or child placing agency, or due to a verified court appearance or related court-ordered activity, the grades and credits of the pupil shall be calculated as of the date the pupil left school, and no lowering of his or her grades shall occur as a result of the absence of the pupil under these circumstances.

5. School districts, subject to federal law, shall be authorized to permit access of pupil school records to any child placing agency for the purpose of fulfilling educational case management responsibilities required by the juvenile officer or by law and to assist with the school transfer or placement of a pupil.

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

7. In the event a best interest determination is not completed within five business days of a child being placed in a foster care placement that is located in a school district different than the child's school district prior to the placement, it shall be deemed that enrollment in the school district where the child resides as a result of the foster care placement shall be in the best interests of the child.

167.126. 1. Children who are admitted to programs or facilities of the department of mental health or whose domicile is one school district in Missouri but who reside in another school district in Missouri as a result of placement arranged by or approved by the department of mental health, the department of social services or placement arranged by or ordered by a court of competent jurisdiction shall have a right to be provided the educational services as provided by law and shall not be denied admission to any appropriate regular public school or special school district program or program operated by the state board of education, as the case may be, where the child actually resides because of such admission or placement; provided, however, that nothing in this section shall prevent the department of mental health, the department of social services or a court of competent jurisdiction from otherwise providing or procuring educational services for such child.

2. Each school district or special school district constituting the domicile of any child for whom educational services are provided or procured under this section shall pay toward the per-pupil costs for educational services for such child. A school district which is not a special school district shall pay an amount equal to the average sum produced per child by the local tax effort of the district of domicile. A special school district shall pay an amount not to exceed the average sum produced per child by the local tax efforts of the domiciliary districts.

3. When educational services have been provided by the school district or special school district in which a child actually resides, including a child who temporarily resides in a children's hospital licensed under chapter 197 **or a psychiatric residential treatment facility**, for rendering health care services to children under the age of eighteen for more than three days, other than the district of domicile, the amounts as provided in subsection 2 of this section for which the domiciliary school district or special school district is responsible shall be paid by such district directly to the serving district. The school district, or special school district, as the case may be, shall send a written voucher for payment to the regular or special district constituting the domicile of the child served and the domiciliary school district or special school district receiving such voucher shall pay the district providing or procuring the services an amount not to exceed the average sum produced per child by the local tax efforts of the domiciliary districts. In the event the responsible district fails to pay the appropriate amount to the district within ninety days after a voucher is submitted, the state department of elementary and secondary education shall deduct the appropriate amount due from the next payments of any state financial aid due that district and shall pay the same to the appropriate district.

4. In cases where a child whose domicile is in one district is placed in programs or facilities operated by the department of mental health or resides in another district pursuant to assignment by that department or is placed by the department of social services or a court of competent jurisdiction into any type of publicly contracted residential site in Missouri, the department of elementary and secondary education shall, as soon as funds are appropriated, pay the serving district from funds appropriated for that purpose the amount by which the per-pupil costs of the educational services exceeds the amounts received from the domiciliary district except that any other state money received by the serving district by virtue of rendering such service shall reduce the balance due.

5. Institutions providing a place of residence for children whose parents or guardians do not reside in the district in which the institution is located shall have authority to enroll such children in a program in the district or special district in which the institution is located and such enrollment shall be subject to the provisions of subsections 2 and 3 of this section. The provisions of this subsection shall not apply to placement authorized pursuant to subsection 1 of this section or if the placement occurred for the sole purpose of enrollment in the district or special district. "Institution" as used in this subsection means a facility organized under the laws of Missouri for the purpose of providing care and treatment of juveniles.

6. Children residing in institutions providing a place of residence for three or more such children whose domicile is not in the state of Missouri may be admitted to schools or programs provided on a contractual basis between the school district, special district or state department or agency and the proper department or agency, or persons in the state where domicile is maintained. Such contracts shall not be permitted to place any financial burden whatsoever upon the state of Missouri, its political subdivisions, school districts or taxpayers.

7. For purposes of this section the domicile of the child shall be the school district where the child would have been educated if the child had not been placed in a different school district. No provision of this section shall be construed to deny any child domiciled in Missouri appropriate and necessary, gratuitous public services.

8. For the purpose of distributing state aid under section 163.031, a child receiving educational services provided by the district in which the child actually resides, other than the district of domicile, shall be included in average daily attendance, as defined under section 163.011, of the district providing the educational services for the child.

9. Each school district or special school district where the child actually resides, other than the district of domicile, may receive payment from the department of elementary and secondary education, in lieu of receiving the local tax effort from the domiciliary school district. Such payments from the department shall be subject to appropriation and shall only be made for children that have been placed in a school other than the domiciliary school district by a state agency or a court of competent jurisdiction and from whom excess educational costs are billed to the department of elementary and secondary education."; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTIETH DAY, WEDNESDAY, MARCH 22, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"If My people humble themselves, and pray, and see My face, and turn from their wicked ways, then will I hear from heaven, and will forgive their sin and heal their land." (II Chronicles 7:14)

Almighty God, at this sacred moment of prayer we pause in silence before You in this noble body, seeking the wise guidance of Your worthy spirit as we face the issues before us and think of the decisions we must make.

In these busy days, help us to see the way and give us the courage to walk in it, that we may promote the values which have made our state great and possess the virtues which have kept it strong.

During this time when we sometimes feel lost, overwhelmed or overmatched, may we be sure of You and know that behind the darkness stands Your light, which never fails.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Tanner Van Dyne, Heath Van Schoiack and Luke Van Schoiack.

The Journal of the thirty-ninth day was approved as printed.

REPORT OF THE
HOUSE OF REPRESENTATIVES
SPECIAL COMMITTEE ON ELECTION CONTESTS

March 22, 2023

Dean Plocher, Speaker
Missouri House of Representatives
State Capitol Building
Room 308
Jefferson City, MO 65101

Mr. Speaker,

The House of Representatives Special Committee on Election Contests has met, taken testimony, deliberated, and concluded its review of the 2022 Missouri District 105 General Election.

The below listed members are pleased to submit the attached report:

/s/ Representative Dan Stacy, Chair
/s/ Representative Mike Henderson, Vice-Chair
/s/ Representative Kimberly-Ann Collins, Ranking Minority Member
/s/ Representative Rick Francis
/s/ Representative Peggy McGaugh
/s/ Representative Alex Riley
/s/ Representative Mark Sharp

HEC 1

On January 5, 2023, a petition was filed with the Chief Clerk of the Missouri House of Representatives requesting a recount of the votes cast during the 2022 Missouri House District 105 General Election. This petition, HEC 1, alleges the following in support of its request for a recount:

- Contestee Schwadron received 5,404 votes.
- Contestant Berne received 5,305 votes.
- This 99 vote difference constituted 0.9% of the total votes cast.
- Pursuant to RSMo 115.563, all contested elections for the office of state representative shall be heard and determined by the state house of representatives.
- Pursuant to RSMo 115.601, candidates defeated by less than one percent of the votes cast shall have a right to a recount.

Contestant's petition does not allege any irregularity or impropriety on the part of any election official in the conduct of this election. Contestant's petition does not challenge the validity of any vote cast or counted in this election. Contestant's only request is for a recount based on the number of votes that decided the election.

Activities of the Special Committee

- On January 11, 2023, the Speaker established the Special Committee on Election Contests and appointed Representative Dan Stacy as Chair and Representative Mike Henderson as Vice-Chair. Representatives Kimberly-Ann Collins, Rick Francis, Peggy McGaugh, Alex Riley, and Mark Sharp were appointed as members of the committee. HEC 1 was referred to the Special Committee on Election Contests on January 11, 2023.
- On February 9, 2023 the committee heard testimony from Kurt Bahr, the Saint Charles County Director of Elections.
- On February 22, 2023 the committee heard testimony from Chrissy Peters, the Director of Elections in the Missouri Secretary of State's office.
- On March 1, 2023 the committee heard testimony from contestant Berne's legal counsel, Matt Vianello, and contestee Schwadron's legal counsel, Lowell Pearson.

Notice of Requested Relief

During the March 1, 2023 hearing of the Special Committee on Election Contests, the chair indicated that the committee required more information from the contestant in order to make a determination on the appropriateness of a recount. The contestant and her counsel responded by providing the chair with a notice of requested relief. The notice indicates the following:

- Contestant requests a hand recount of all votes cast in the 2022 general election for Missouri House District 105 in which questions of voter intent arise during the recount.
- Contestant requests a hand recount of all absentee ballots cast, whether counted or not.
- Contestant requests a hand recount of all provisional ballots cast, whether counted or not.
- Contestant requests a review of all affidavits submitted by voters in connection with their attempt to vote.
- Contestant requests a machine recount of all ballots in which a voter's intent is not at issue.
- Contestant requests the Special Committee appoint the relevant persons necessary to perform the recount.

Findings of the Committee

A review of public testimony delivered to the committee found the following:

- Longstanding employees of the Saint Charles County Election Authority are aware of no instance in which a recount changed the outcome of an election.
- In every manual recount performed by Director Bahr since he entered his post at the Saint Charles County Election Authority in January 2019, the result of the recount has matched that of the election.
- Director Bahr already performed a recount of one of the precincts from this race as part of his office's audit of the 2022 general election. The results of the audit matched the results reported after the election.
- Since 2000, the Secretary of State's office has performed 24 recounts. Not one recount performed in this 23 year period has reversed the result of an election.

A review of recent House actions on election contests found the following:

- Since 1997, three requests for recount have been made to the House of Representatives.
- In 1997, contestant Michael Frame petitioned the House for a recount of the 1996 general election for Missouri House District 105. Contestee Marilyn Edwards won the election by a margin of 15 votes. The House ordered a recount, the results of which confirmed the results of the election, by a margin of 14 votes.
- In 2000, Bobbie J Campbell lost the general election for Missouri House District 41 to Melba J. Curls. The Reform Party requested a recount. Finding that the party had no standing to make this request, the committee voted unanimously to take no action on the petition.
- In 2011, contestants Sean O'Toole and Will Royster petitioned the House for a recount of the 2010 primary election results for Missouri House District 40. Contestee John Rizzo won his primary by a single vote. The committee took no action on the petition.

A review of relevant statutes and constitutional provisions found the following:

- Article III Section 18 of the Missouri Constitution makes each house of the General Assembly the sole judge of qualifications, election and returns of its own members.
- Article VII Section 5 of the Missouri Constitution gives the General Assembly the power to determine what governmental body shall try the different types of election contests.
- Provisions for election contests are established in RSMo 115.526-115.601.
- Pursuant to RSMo 115.563, all contested elections for the office of state representative shall be heard and determined by the House of Representatives.
- Pursuant to 115.573, the determination made by the House of Representatives on a contested election shall be final and not subject to court review.
- Pursuant to RSMo 115.583, if the court or legislative body hearing a contest finds that there is a *prima facie* showing of irregularities which place the result of any contested election in doubt, the court or legislative body shall order a recount of all votes brought in question by the petition or its answer.
- The process of conducting a recount, if ordered by the court or legislative body, is established in RSMo 115.585.
- "Recount," for the purposes of RSMo 115.601, means "one additional counting of all votes counted for the office or on the question with respect to which the recount is requested".

Conclusions of the Special Committee on Election Contests

- On March 22, 2023, the committee met and concluded that there was not a *prima facie* showing of irregularities which place the result of the contested election administered by the Saint Charles County Election Authority in doubt, and that no recount is warranted.
- Therefore, the Special Committee on Election Contests recommends that the House of Representatives does not order a recount of the 2022 Missouri House District 105 General Election.

On March 22, 2023, the Special Committee on Election Contests adopted the above report by the following vote:

Ayes (4):	Stacy, Henderson, McGaugh, Riley
Noes (2):	Collins, Sharp
Present (0)	
Absent (1):	Francis

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTY-FIRST DAY, THURSDAY, MARCH 23, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Hardy Billington.

God, I love You. In this assembly many love You. I believe You have brought us here to be a member of this assembly. God, we need Your help to continue to fight for what is right and to serve not only You, but to be a servant of the people of Missouri. So, we need to put on Your whole armor, God, to protect us from the evil that surrounds us. Our battle is not against our enemies and people we don't even know; our fight is against the evil power that is trying to destroy the people of our nation. God, please protect us from the power of Satan and his demons. Help us to stand in this evil day, and having done all we can to stand firm.

And, God, we know that the love of money and use of power can cause much evil. But, God, using money and power in the right direction can do great things for the people of Missouri.

God, we know that the love of Jesus is eternal.

Thank You, Lord, for Your love!

In Jesus's name, Amen!

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Levi LaVo and Kennedy LaVo.

The Journal of the fortieth day was approved as printed.

"142.815. 1. Motor fuel used for the following nonhighway purposes is exempt from the fuel tax imposed by this chapter, and a refund may be claimed by the consumer, except as provided for in subdivision (1) of this subsection, if the tax has been paid and no refund has been previously issued:

(1) Motor fuel used for nonhighway purposes including fuel for farm tractors or stationary engines owned or leased and operated by any person and used exclusively for agricultural purposes and including, beginning January 1, 2006, bulk sales of one hundred gallons or more of gasoline made to farmers and delivered by the ultimate vender to a farm location for agricultural purposes only. As used in this section, the term "farmer" shall mean any person engaged in farming in an authorized farm corporation, family farm, or family farm corporation as defined in section 350.010. At the discretion of the ultimate vender, the refund may be claimed by the ultimate vender on behalf of the consumer for sales made to farmers and to persons engaged in construction for agricultural purposes as defined in section 142.800. After December 31, 2000, the refund may be claimed only by the consumer and may not be claimed by the ultimate vender unless bulk sales of gasoline are made to a farmer after January 1, 2006, as provided in this subdivision and the farmer provides an exemption certificate to the ultimate vender, in which case the ultimate vender may make a claim for refund under section 142.824 but shall be liable for any erroneous refund;

(2) Kerosene sold for use as fuel to generate power in aircraft engines, whether in aircraft or for training, testing or research purposes of aircraft engines;

(3) Diesel fuel used as heating oil, or in railroad locomotives or any other motorized flanged-wheel rail equipment, or used for other nonhighway purposes other than as expressly exempted pursuant to another provision.

2. Subject to the procedural requirements and conditions set out in this chapter, the following uses are exempt from the tax imposed by section 142.803 on motor fuel, and a deduction or a refund may be claimed:

(1) **(a)** Motor fuel for which proof of export is available in the form of a terminal-issued destination state shipping paper and which is either:

[~~(a)~~**] a.** Exported by a supplier who is licensed in the destination state or through the bulk transfer system;

[~~(b)~~**] b.** Removed by a licensed distributor for immediate export to a state for which all the applicable taxes and fees (however nominated in that state) of the destination state have been paid to the supplier, as a trustee, who is licensed to remit tax to the destination state; or which is destined for use within the destination state by the federal government for which an exemption has been made available by the destination state subject to procedural rules and regulations promulgated by the director; or

[~~(c)~~**] c.** Acquired by a licensed distributor and which the tax imposed by this chapter has previously been paid or accrued either as a result of being stored outside of the bulk transfer system immediately prior to loading or as a diversion across state boundaries properly reported in conformity with this chapter and was subsequently exported from this state on behalf of the distributor**[**~~,~~**].**

(b) The exemption pursuant to **subparagraph a. of** paragraph (a) of this subdivision shall be claimed by a deduction on the report of the supplier which is otherwise responsible for remitting the tax upon removal of the product from a terminal or refinery in this state.

(c) The **[**~~exemption~~**] exemptions** pursuant to **[**~~paragraphs (b) and (c)~~**] subparagraphs b. and c. of paragraph (a)** of this subdivision shall be claimed by the distributor, upon a refund application made to the director within three years.

(d) A refund claim may be made monthly or whenever the claim exceeds one thousand dollars;

(2) Undyed K-1 kerosene sold at retail through dispensers which have been designed and constructed to prevent delivery directly from the dispenser into a vehicle fuel supply tank, and undyed K-1 kerosene sold at retail through nonbarricaded dispensers in quantities of not more than twenty-one gallons for use other than for highway purposes. Exempt use of undyed kerosene shall be governed by rules and regulations of the director. If no rules or regulations are promulgated by the director, then the exempt use of undyed kerosene shall be governed by rules and regulations of the Internal Revenue Service. A distributor or supplier delivering to a retail facility shall obtain an exemption certificate from the owner or operator of such facility stating that its sales conform to the dispenser requirements of this subdivision. A licensed distributor, having obtained such certificate, may provide a copy to his or her supplier and obtain undyed kerosene without the tax levied by section 142.803. Having obtained such certificate in good faith, such supplier shall be relieved of any responsibility if the fuel is later used in a taxable

manner. An ultimate vendor who obtained undyed kerosene upon which the tax levied by section 142.803 had been paid and makes sales qualifying pursuant to this subsection may apply for a refund of the tax pursuant to application, as provided in section 142.818, to the director provided the ultimate vendor did not charge such tax to the consumer;

The exemption for use pursuant to this subdivision shall be made available to the tribal government upon a refund application stating that the motor fuel was purchased for the exclusive use of the tribe in performing named essential governmental services;

(5) That portion of motor fuel used to operate equipment attached to a motor vehicle, if the motor fuel was placed into the fuel supply tank of a motor vehicle that has a common fuel reservoir for travel on a highway and for the operation of equipment, or if the motor fuel was placed in a separate fuel tank and used only for the operation of auxiliary equipment. The exemption for use pursuant to this subdivision shall be claimed by a refund claim filed by the consumer who shall provide evidence of an allocation of use satisfactory to the director;

(6) Motor fuel acquired by a consumer out-of-state and carried into this state, retained within and consumed from the same vehicle fuel supply tank within which it was imported, except interstate motor fuel users;

(7) Motor fuel which was purchased tax-paid and which was lost or destroyed as a direct result of a sudden and unexpected casualty or which had been accidentally contaminated so as to be unsalable as highway fuel as shown by proper documentation as required by the director. The exemption pursuant to this subdivision shall be refunded to the person or entity owning the motor fuel at the time of the contamination or loss. Such person shall notify the director in writing of such event and the amount of motor fuel lost or contaminated within ten days from the date of discovery of such loss or contamination, and within thirty days after such notice, shall file an affidavit sworn to by the person having immediate custody of such motor fuel at the time of the loss or contamination, setting forth in full the circumstances and the amount of the loss or contamination and such other information with respect thereto as the director may require;

(8) Dyed diesel fuel or dyed kerosene used for an exempt purpose. This exemption shall be claimed as follows:
